

SMALL TABLE **NATURAL SLICE** $\varnothing 40$ H10

Sheets with irregular and natural shape of solid cedar, polished and waxed.

The small tables are taken from tree trunks and therefore the diameter may be 15% larger or smaller. The small tables may undergo the normal splits which are features of solid wood and which should be closed, either before despatch or, on request, subsequently, with iron staples.

SMALL TABLE **NATURAL SLICE** $\varnothing 60$ H10

Sheets with irregular and natural shape of solid cedar, polished and waxed.

The small tables are taken from tree trunks and therefore the diameter may be 15% larger or smaller. The small tables may undergo the normal splits which are features of solid wood and which should be closed, either before despatch or, on request, subsequently, with iron staples.

SMALL TABLE **NATURAL SLICE** $\varnothing 80$ H10

Sheets with irregular and natural shape of solid cedar, polished and waxed.

The small tables are taken from tree trunks and therefore the diameter may be 15% larger or smaller. The small tables may undergo the normal splits which are features of solid wood and which should be closed, either before despatch or, on request, subsequently, with iron staples.
