

## Ariel

design Piero Lissoni

One-piece frame in double-panelled pine, beech and poplar. The feet are in natural beech and, on request, also with cherry or walnut stain. Sprung base with woven elastic straps of covered rubber. Padding in differentiated density cold-foamed polyurethane. 100% polyether cover with thermobonded sealed polyamide velveteen backing. Seat and armrest cushions in prewashed and sterilized goose down. Fabric or leather upholstery. The covers of the fabric version are fully removable. Versions available with or without valance. The leather version is available without valance only. Seat depth 50cm.
