

Sushi Alucompact®

DEPTH 80

Designed by Bartoli Studio

Extending or fixed table with an anodised aluminium structure and Alucompact® layered laminate tops. Alucompact® is a laminate that has been layered at a high temperature by adding sheets of aluminium in the layering phase that give it a strong structural stability. The extending mechanism with two or three extensions makes it possible to easily increase the length of the top while maintaining excellent sturdiness.

Leg finish:

- Anodised aluminium
- Aluminium with white lacquer
- Aluminium with sand grey lacquer
- Aluminium with anthracite grey lacquer
- Aluminium with black lacquer

Finish of top/extensions:

- White laminate
- Sand grey laminate
- Grey laminate
- Anthracite grey laminate
- Black laminate

- + It is possible to add a third extension to articles 01SUS03 (increasing the length to 33 cm).
- Tables that extend to more than 250 cm have a top that slightly bends, which complies with accepted quality standards.

# Sushi Pure-white

Designed by Bartoli Studio

The larger versions of the Sushi table are available with a “Pure-white” finish: entirely white on the surface and along the extremely narrow edge of the top, usually with visible black and aluminium layers. This option enhances the completely minimalist look of these solutions, making them even more surprisingly simple and charmingly elegant.

**Leg finish:**

- Anodised aluminium
- Aluminium with white lacquer

**Finish of top/extensions:**

“Pure-white” laminate (colour reference “White laminate Tuttocolore”)

- It is possible to add a third extension to articles 01SUS07 (increasing the length to 37,5 cm).
- Tables that extend to more than 250 cm have a top that slightly bends, which complies with accepted quality standards.

Extensible ( ↔ )

## Sushi glass DEPTH 80

Designed by Bartoli Studio

Extending or fixed table with an anodised aluminium structure, full-bodied painted top, extensions in Alucompact® layered laminate.

### Leg finish:

Anodised aluminium

Aluminium with white lacquer

Aluminium with black lacquer

### Finish of top:

Gloss green glass

Gloss glass in standard colours: extra white, anthracite, black, titanium

Gloss glass in RAL/NCS range colours on request

Matt glass in colours: extra white, anthracite grey, black, titanium

### Finish of extensions:

White laminate

Sand grey laminate

Grey laminate

Anthracite grey laminate

Black laminate

**!** Please note: variations in shade against selected RAL/NCS sample cannot be avoided and are caused by colour refracting through the thickness of the glass.

Glass in RAL/NCS shades has longer lead times: approximately 8 weeks from order date.

**+** It is possible to add a third extension to articles 01SUS13 (increasing the length to 33 cm).

**⤿** Tables that extend to more than 250 cm have a top that slightly bends, which complies with accepted quality standards.

# Sushi Honeycomb

Designed by Bartoli Studio

Extending or fixed table with an anodised aluminium structure and honeycomb tops. By observing a cross-section of the top one can see that it is composed of a honeycombed aluminium structure. These modern panels are used to construct aeroplane nacelles and are both lightweight and very resistant to flexion and compression, despite the fact that they are “air-filled”. Also available in uni-colour option.

**Leg finish:**

- Anodised aluminium
- Aluminium with wengé lacquer
- Aluminium with grey oak lacquer

**Finish of top/extensions:**

- Oak
- Wengé stained Oak
- Grey Oak

- Please note: sizes marked with (!) have longer delivery times: approximately 8 weeks from order date.
- Tables that extend to more than 250 cm have a top that slightly bends, which complies with accepted quality standards.
