

Brave New World Lamp

The Brave New World Lamp started as a concept piece of random thought-initiated construction. Following the example of old Far Eastern bamboo scaffolding the Brave New World Lamp was developed without a design or plan in place however each piece of wood is carefully notched and pegged together to form an integral part of the overall mechanical structure. The limitations of using small pieces of wood to create a large form allowed the design process to be as responsive as possible. Much like a sculptures' relationship to their material.

Designer	Freshwest
Year of design	2008
Material	Oak frame, cast iron balancing weights and red fabric cord
Additional	Hinges must be operated together with both hands for stability

31 KG | 35,3 lb

Cleaning Instructions

To clean the Brave New World Lamp, Mooodi recommends using a feather duster first to remove any dust particles. If a stain persists use a soft damp cloth to gently rub the stained area. Mooodi strongly recommends making sure the lamp is not connected to the main power supply whilst cleaning is in progress. Mooodi recommends always reading the label of any cleaning product you wish to use on or near any item from the Mooodi collection. For further information on how to clean this product please contact your nearest Mooodi agent or dealer which can be located via our website.
