LISTINO PREZZI IN EURO VALIDO DAL 1 APRILE 2013

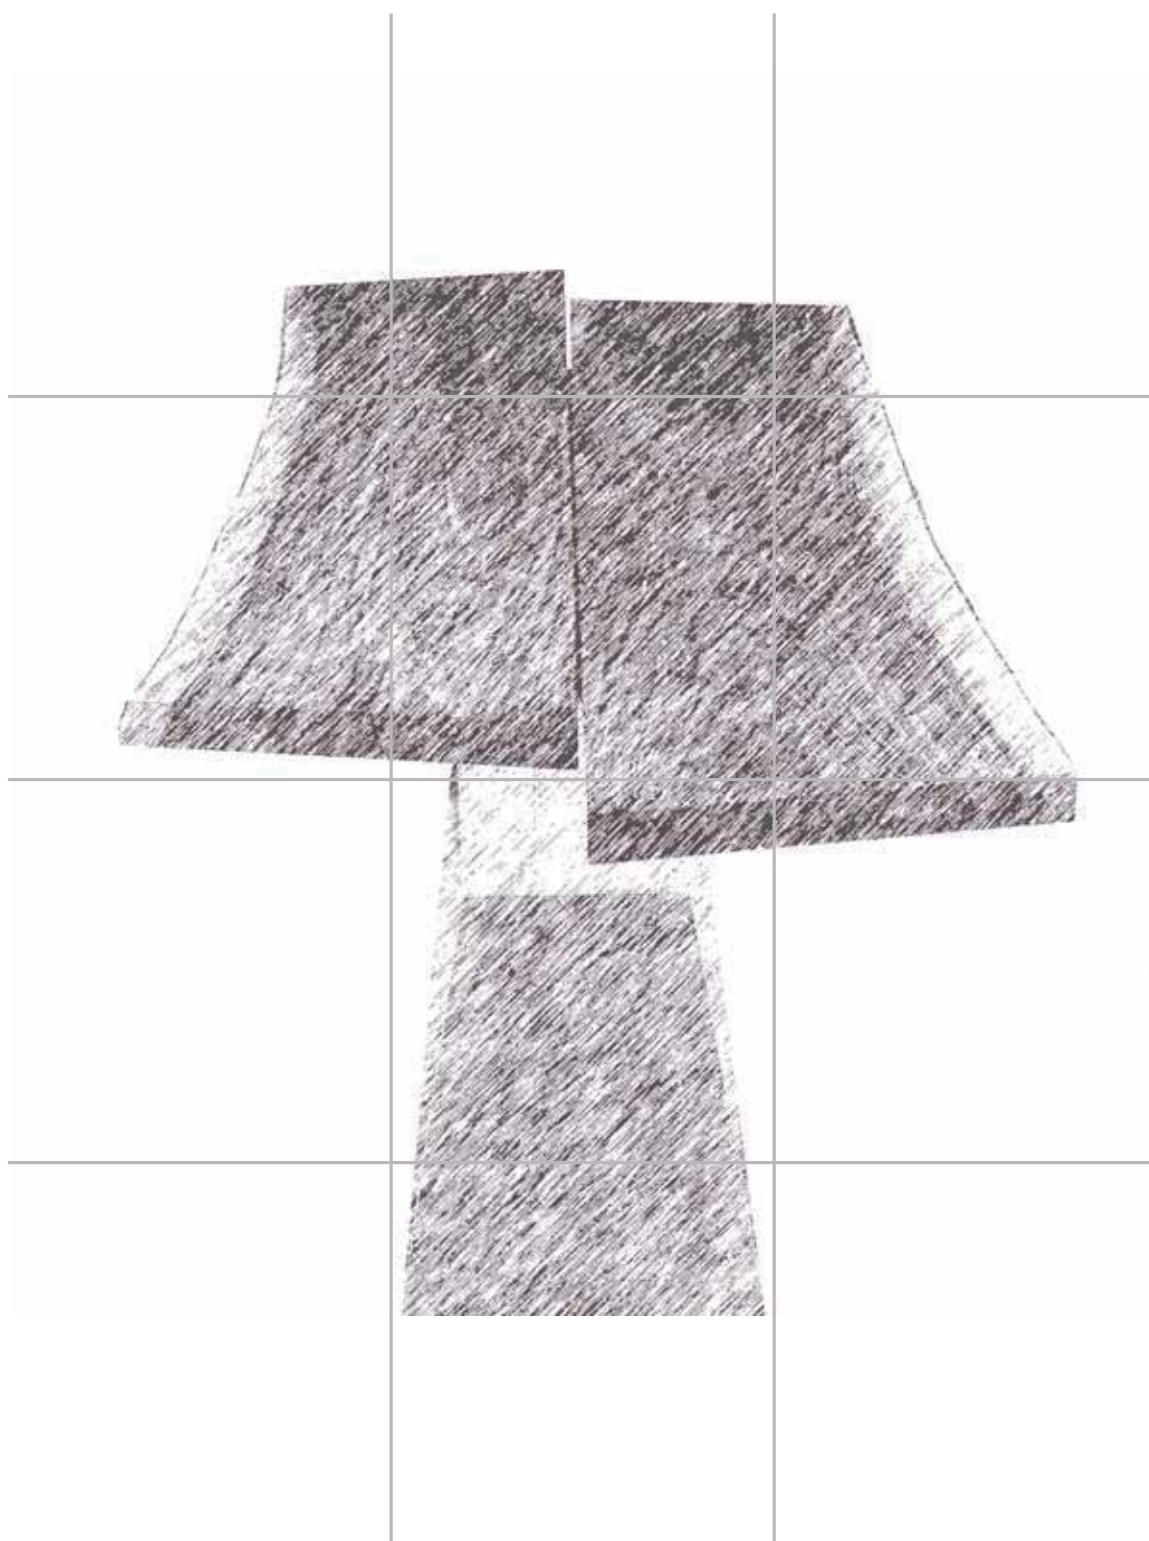

Le misure sono espresse in centimetri.
I disegni sono a scopo illustrativo.
Salvo modifiche, errori, refusi di stampa e trascrizione.
L'azienda si riserva in qualunque momento
di apportare senza preavviso modifiche a prodotti e accessori.

EURO PRICELIST IS VALID FROM 1. APRIL 2013

The dimensions are indicated in centimetres.
Drawings represented are not in scale.
Errors Excepted.
The manufacturer reserves the right to modify products
and accessories at any time without prior notice.

PREISLISTE IN EURO IST GÜLTIG AB 1. APRIL 2013

Die Größe ist in cm. gemeint.
Skizze sind Symbolabbildungen.
Irrtümer vorbehalten.
Der Hersteller behält sich das Recht vor, jederzeit Änderungen
an seinen Produkten und Zubehörteilen, ohne Vorbescheid vorzunehmen.

NOTA INTEGRATIVA PER LISTINO PREZZI TAVOLI

- I tavoli della Collezione RIVA 1920, se non diversamente specificato nel riquadro del singolo articolo, sono realizzati con il top in legno massello.
- **I prezzi indicati, se non diversamente specificato nel riquadro del singolo articolo, si riferiscono alle essenze CILIEGIO - ACERO e ROVERE - NOCE senza nodi.**
- Per calcolare il prezzo nella versione **ROVERE e NOCE con NODI** applicare **una riduzione del 5%** dai prezzi indicati a Listino delle rispettive essenze.
- **Alcuni tavoli della Collezione NATURA e altri modelli di tavoli di Design ben specificati, considerate le loro caratteristiche, sono proposti standard già nelle versioni ROVERE e NOCE con NODI.**
- **Gli articoli della Collezione NATURA possono essere richiesti anche in essenza NOCE o ROVERE SENZA NODI** (così come in CILIEGIO e ACERO): per questa modifica calcolare un supplemento del **12% dal prezzo di Listino.**
- **ARTICOLI IN ESSENZA ROVERE SPAZZOLATO, SBIANCATO E CERATO:** applicare una maggiorazione del 10% rispetto alla essenza rovere.
- **ARTICOLI IN ESSENZA TEAK e WENGE:** per i prezzi in essenza TEAK e WENGE è consigliabile contattare l'Azienda per quotazioni personalizzate.
- **TOP TAVOLI con finitura PIALLATA:** applicare una maggiorazione del 10% rispetto al corrispondente prezzo di Listino.
- **TOP TAVOLI + GAMBE con finitura PIALLATA:** applicare una maggiorazione del 20% rispetto al corrispondente prezzo di Listino.
- **TOP TAVOLI / PROLUNGHE A FORCA CON LATI NATURALI:** . Applicare una maggiorazione del 20% rispetto al prezzo di listino. Disponibili **SOLO** in essenza ROVERE e NOCE con NODI.

ADDITIONAL NOTE FOR TABLES PRICE LIST

- Tables in the RIVA Collection, unless otherwise specified in the box relating to that article, are made with solid wood tops.
- **The prices indicated, unless otherwise specified in the box relating to that article, refer to CHERRY - MAPLE and OAK - WALNUT without knots.**
- To calculate the price of **OAK and WALNUT with KNOTS**, apply a **reduction of 5%** to the prices indicated in the List for each type of wood.
- **Some tables of the NATURA Collection and other clearly indicated models of tables in the Design range, given their characteristics, come as standard in the OAK and WALNUT versions with KNOTS.**
- **Articles of NATURA Collection can be also requested in WALNUT or OAK finish WITHOUT KNOTS (as well as in CHERRYWOOD or MAPLE): for this modification please calculate a surcharge of 12%.**
- **ARTICLES IN BRUSHED-WHITE OAK AND WAXED VERSION:** apply a surcharge of 10% to the prices indicated in the List for "oak".
- **ARTICLES IN TEAKWOOD and WENGE:** for the prices of TEAK and WENGE versions, please contact RIVA 1920 asking for an individual quotation.
- **TABLETOP with HAND-SANDED SURFACE (Rough effect):** surcharge of 10% from the correspondent price in the List.
- **TABLETOP + LEGS with HAND-SANDED SURFACE (Rough effect):** surcharge of 20% from the correspondent price in the List.
- **TABLETOP / LEAVES SYSTEM WITH NATURAL SIDES:** Surcharge of 20% from the correspondent Price in the List. Available **ONLY** in OAK and WALNUT with KNOTS.

ERGÄNZUNG FÜR PREISLISTE DER TISCHE

- Wenn nicht anders angegeben, werden unsere Tischplatten in Massivholz gefertigt.
- Wenn nicht anders angegeben, beziehen sich die Preise auf die Ausführung KIRSCHBAUM, AHORN, EICHE UND NUSSBAUM ohne Knoten (Äste)
- Um den Preis für die Ausführungen **EICHE und NUSSBAUM mit KNOTEN** zu kalkulieren, sind die in der Preisliste enthaltenen Preise der entsprechenden Ausführungen um **5% zu reduzieren.**
- **Einige Massivholztische aus der NATURA-Kollektion und angegebene Design-Modelle sind Standard in Eiche oder Nussbaum mit Knoten vorgesehen.**
- **Mit einem Aufpreis von 12% können genannte Artikel in Nussbaum und Eiche OHNE KNOTEN, sowie in Kirschbaum und Ahorn erworben werden.**
- **PREISKALKULATION FÜR ARTIKEL IN EICHE GEBÜRSTET UND GEWACHST GEWEISST:** Aufpreis von 10% auf dem Preis der Ausführung „Eiche“.
- **FÜR ARTIKEL aus TEAK oder WENGE:** für Preise von Teakholz oder Wenge, bitte an die RIVA-Verkaufsabteilung wenden.
- **TISCHPLATTE mit handgehobelter Oberfläche:** Aufpreis von 10% auf das entsprechende Modell berechnen.
- **TISCHPLATTE + BEINE mit handgehobelter Oberfläche:** Aufpreis von 20% auf das entsprechende Modell berechnen.
- **TISCHPLATTE / ANSTECKPLATTE MIT NATURKANTE:** Aufpreis von 20% auf das entsprechende Modell berechnen. Nur in den Versionen EICHE und NUSSBAUM mit KNOTEN erhältlich.

ESSENZE E FINITURE

I prodotti della Collezione RIVA 1920 sono realizzati con materie prime non trattate da vernici o coloranti.

E' bene sapere prima dell'acquisto che alcune particolarità qui di seguito elencate sono caratteristiche tipiche delle materie prime utilizzate.

TOP IN LEGNO MASSELLO: il legno massello è un materiale vivo che a seconda delle diverse condizioni climatiche e di umidità nell'ambiente può muoversi.

Piccole differenze di spessore tra le varie liste di legno massello incollate a formare il top del tavolo, nell'ordine di qualche millimetro o decimi di millimetro (una tolleranza di circa 0,5 – 1%) sono da considerarsi movimenti naturali tipici del legno massello. Ogni prodotto in legno massello può essere considerato un pezzo unico e in quanto tale ha venature, colori, profumi diversi uno dall'altro. Eventuali differenze di tonalità di colore tra le varie parti del mobile (o del top del tavolo) non sono motivo di reclamo ma caratteristiche tipiche di un prodotto in legno massello.

CERA PER LAVORAZIONE TOP TAVOLI IN LEGNO CON NODI: i top dei tavoli nella versione "con nodi" sono trattati con una speciale cera di colore nero che viene riscaldata e portata allo stato liquido per essere poi inserita nel nodo. Una volta raffreddata a temperatura ambiente, ritorna allo stato solido e ottura completamente il nodo del legno. Eventuali effetti di "cristallizzazione" della cera o differenze di tonalità di colore sulla superficie del tavolo in corrispondenza del nodo è del tutto normale e può essere attenuato utilizzando la paglietta d'acciaio del nostro set manutenzione. Anche il numero dei nodi e la loro dimensione presenti nel top del tavolo non sono motivo di contestazione bensì una caratteristica del legno massello della versione "con nodi" trattato con oli e cere naturali.

BASE IN FERRO NATURALE (VERSIONE STANDARD): alcuni tavoli della Collezione Riva 1920 sono realizzati con la base in lamina o tubolare di ferro naturale grezzo non tinto. La base viene solo lavata con speciali detergenti neutri e successivamente rifinita a olio. Eventuali segni, piccoli graffi o aloni presenti sulla superficie delle gambe in ferro sono elementi tipici di un prodotto in ferro forgiato in altoforno e mantenuto grezzo senza alcuna verniciatura coprente. Eventuali ossidazioni della gamba sono altresì caratteristiche tipiche del ferro naturale. Per evitare l'effetto dell'ossidazione è sufficiente pulire periodicamente la gamba in ferro con il nostro olio del set di manutenzione RIVA 1920.

BASE IN FERRO COLORATO (SU RICHIESTA): su richiesta e con un sovrapprezzo rispetto alla versione standard è possibile richiedere la base in ferro verniciato opaco nelle seguenti tonalità di colore del campionario RAL: **RAL 1013 (Bianco perla) – RAL 3020 (Rosso traffico) – RAL 7035 (Grigio luce)**

RAL 7037 (Grigio polvere) – RAL 8019 (Marrone grigiastro) – RAL 9001 (Bianco crema) – RAL 9002 (Bianco grigiastro) – RAL 9005 (Nero intenso) – RAL 9010 (Bianco puro) – RAL 9016 (Bianco traffico).

WOODS AND FINISHES

RIVA 1920 Furniture Collection is made of raw materials that have not been treated with either paint or colorants.

It is important to know before buying these products that some of their characteristics listed below are typical traits of the materials used.

SOLID WOOD TOP: solid wood is a living material that may move according to different weather conditions and environmental humidity. Movement caused by small differences in thickness between the various pieces of solid wood glued together to form the table top (these are differences of a few millimetres or tenths of millimetres, with a tolerance of 0,5 – 1%) should be considered natural and typical of solid wood. Every solid wood product should be considered completely unique in that each has a grain, colour and smell different from any other. Any natural movements of wood or differences of colour tone between the various parts of the piece of furniture (or table top) should therefore not be considered reason for concern but as typical characteristics of a product made of solid wood.

WAX FOR TABLE SURFACES IN THE KNOTTY WOOD VERSION: the table tops in the "with knots" version are treated with a special black wax that is heated to liquefy it and then apply it to the knot. Once cooled to room temperature it solidifies and completely blocks the wood knot. Any "crystallisation" effect of the wax or differences in tone on the surface of the table around the knot are completely normal and can be diminished using the steel-wire pad in our maintenance kit. The number and size of knots on the table tops are likewise no reason for complaint but a typical characteristic of the solid wood used in the version "with knots" and treated with oil and natural wax.

BASE IN NATURAL IRON (STANDARD VERSION): some table bases of RIVA 1920 Collection are made of natural undyed plates and tubular iron. The only treatment the base receives is a wash in special neutral detergents and, after that, an oil finishing. Any marks, little scratches or discolorations, on the surface of the iron legs are typical of iron products forged in a blast furnace and kept raw without any paint coating. Similarly, oxidation on the legs is typical of natural iron. To avoid the effect of oxidation just clean the iron legs regularly with the oil in the RIVA 1920 maintenance kit.

PAINTED IRON BASE (ON REQUEST): iron bases coated with (mat) opaque RAL paint tones can be purchased on request and on payment of a supplement in addition to the standard version: **RAL 1013 (Oyster white) – RAL 3020 (Traffic red) – RAL 7035 (Light grey) – RAL 7037 (Dusty grey) – RAL 8019 (Grey brown) – RAL 9001 (Cream) – RAL 9002 (Grey white) – RAL 9005 (Jet black) – RAL 9010 (Pure white) – RAL 9016 (Traffic white).**

HOLZ UND OBERFLÄCHEN

Die Produkte der RIVA 1920 Kollektion sind aus Rohmaterialien ohne zusätzliche Verwendung von Lacken oder Farbmitteln hergestellt.

Vor dem Erwerb dieser Produkte ist es wichtig zu wissen, dass einige folgend aufgeführte Besonderheiten typische Merkmale der verwendeten Rohmaterialien sind.

TISCHPLATTEN AUS MASSIVHOLZ: Massivholz ist ein lebendiges Material, welches mit veränderten Umweltbedingungen geringe Bewegungen (einige Millimeter oder Dezimillimeter, Toleranz von ca. 0,5-1%) in Stärke und Breite unterliegen kann. Jedes Massivholzprodukt ist ein Unikat in Maserung, Farbnuance und Duft und damit ein Qualitätshinweis. Eventuelle Bewegungen des Holzes oder unterschiedliche Farbgebungen an der Tischplatte (oder verschiedenen Möbelteilen) stellen keinen Grund für Beanstandungen dar, sondern sind typische Eigenschaften eines Massivholzproduktes.

WACHS FÜR DIE BEARBEITUNG VON TISCHPLATTEN AUS HOLZ MIT KNOTEN: Tischplatten in der Ausführung „mit Knoten“ werden mit einem speziellen schwarzen Wachs behandelt, der erhitzt wird, um flüssig in die Knoten gefüllt zu werden. Nachdem er bei Raumtemperatur abgekühlt wird und damit den Holzknoten vollständig ausfüllt. Ein eventueller Effekt von „Kristallisationen“ des Wachses oder Farbänderungen an der Tischoberfläche im Bereich des Knotens ist vollkommen normal und kann mithilfe eines Stahlschwämmchens unseres Pflegesets vermindert werden. Auch die Anzahl der Knoten und ihre Größe an der Tischplatte stellen keine Ursache zur Reklamation dar, sondern ist ein Merkmal von Massivholz in der Version „mit Knoten“, vollendet auf natürliche Basis mit Ölen und Wachs.

STRUKTUR AUS NATÜRLICHEM EISEN (STANDARDAUSFÜHRUNG): Einige Tische der RIVA 1920 Kollektion sind mit Strukturen aus natürlichem ungefärbtem Roheisen gefertigt. Die Struktur wird nur mit speziellen neutralen Reinigungsmitteln gereinigt und anschließend auf natürliche Basis mit Öl vollendet. Eventuelle Zeichen, kleine Kratzer oder Schattierungen an den Tischbeinen aus Eisen sind typische Merkmale für ein Produkt aus in Hochöfen geschmiedetes Roheisen, ohne zusätzliche Verwendung von Lacken. Eventuelle Oxidationen an den Tischbeinen sind weitere typische Merkmale vom unbehandelten natürlichen Eisen. Um die Auswirkung von Oxidationen zu vermeiden, ist es empfehlenswert, die Tischbeine regelmäßig mit unserem Pflegeset auf Ölbasis zu reinigen.

STRUKTUREN AUS LACKIERTEM EISEN (AUF ANFRAGE): Auf Anfrage und mit entsprechendem Aufpreis ist die Eisenstruktur mit Mattlackierung in den folgenden "RAL"-Farbtönen verfügbar: **RAL 1013 (Perlweiß) – RAL 3020 (Verkehrsröt) – RAL 7035 (Lichtgrau) – RAL 7037 (Staubgrau) – RAL 8019 (Graubraun) – RAL 9001 (Cremeweiß) – RAL 9002 (Grauweiß) – RAL 9005 (Tiefschwarz) – RAL 9010 (Reinweiß) – RAL 9016 (Verkehrsweiß).**

BOSS EXECUTIVE

INFORMAZIONI UTILI E TEMPI DI CONSEGNA TAVOLO mod. BOSS EXECUTIVE

con piani rettangolari, quadrati, rotondi o ovali. Eventuali crepe o spaccature presenti sulle gambe del tavolo, sia al momento che successivamente all'acquisto, sono da considerarsi del tutto normali in quanto qualità tipiche del legno massello che, in fase di invecchiamento e stagionatura, si muove anche in base alle diverse condizioni ambientali e di umidità presente nell'aria. Le diverse tonalità di colore del legno sono da considerarsi un pregio perché sinonimo di materiale naturale, del tutto privo di coloranti o fibre artificiali.

Desideriamo porre la Sua attenzione sulle caratteristiche del tavolo mod. BOSS EXECUTIVE e sui relativi tempi di consegna. Le gambe del tavolo mod. BOSS EXECUTIVE sono realizzate da blocchi in legno massello da cm. 33 x 33 x 73,5 circa. Ogni tronco usato per la produzione delle gambe è veramente un pezzo unico così come unico ed esclusivo è il possedere un tavolo di questa manifattura. L'approvvigionamento di questi grossi tronchi (in NOCE e ROVERE), il taglio, la loro selezione comportano dei tempi di gran lunga superiori rispetto alla normale lavorazione di materiale con spessori standard. Pertanto i tempi di consegna stimati possono subire dei ritardi per i motivi sopra citati anche di alcune settimane.

Questi blocchi non possono essere completamente essiccati a causa delle loro notevoli dimensioni e la loro essiccazione avverrà gradualmente nell'ambiente in cui si troveranno. Desideriamo inoltre informarla che eventuali movimenti del legno, crepe o spaccature, (in particolare per i blocchi di legno massello che costituiscono le gambe del tavolo BOSS EXECUTIVE) sia al momento della ricezione della merce sia in tempi successivi, sono da considerarsi caratteristiche del tutto normali e tipiche di un prodotto realizzato interamente in legno massello. Per i clienti che non sono disposti ad accettare queste caratteristiche naturali del legno massello, consigliamo il modello BOSS BASIC, la cui gamba è sempre di legno massello a liste, vuota all'interno non a vista sul piano.

IMPORTANT INFORMATION AND DELIVERY TIMES FOR THE BOSS EXECUTIVE TABLE

Tables in solid walnut or oak with knots. Crossover legs visible on the top, made from tree trunk sections. Available in different sizes and types: with tops that are rectangular, square, round or oval. Any cracks or splits in the table legs, before or after sale, are completely normal, being typical properties of solid wood which, as it ages and becomes seasoned, moves according to the different conditions of the setting and humidity of the air. The variety of colour tones in the wood is one of its qualities, indicating that is a natural material without colorants or artificial additives. We would like to draw your attention about some important information regarding the new BOSS EXECUTIVE table and the delivery times for it.

The legs of the BOSS EXECUTIVE table are made from roughly 33 x 33 x 73,5 cm. circa blocks of solid wood. Each trunk used for the production of the legs is truly unique. Indeed the very possession of this product is as unique and exclusive as the material and its manufacture. Obtaining these great trunks (of WALNUT and OAK), cutting and selecting them are all operations that take much longer than the normal working of material of standard thickness. This means that estimated delivery times, too, may be delayed by as much as a few weeks for the reasons mentioned above.

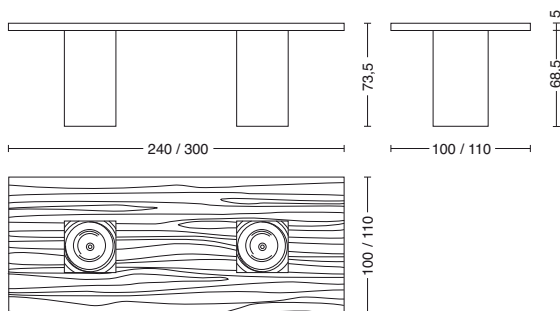

These blocks cannot be completely dried because of their considerable sizes and their drying will take place gradually in the environment where they will be located. In addition, it is important to remember that any movement in the wood, cracks or splits, (in particular of the solid blocks used for the legs of the BOSS EXECUTIVE table), both at the point of receiving the goods and thereafter, are to be considered completely normal characteristics of a product made entirely of solid wood. If you are not ready to accept these natural characteristics of this product we suggest the version "BOSS BASIC" with legs not fully made in solid wood (frame in solid wood and free space into the legs).

NÜTZLICHE INFORMATIONEN UND LIEFERZEITEN FÜR TISCH MOD. BOSS EXECUTIVE

Tische aus Nussbaum oder Eiche massiv mit Knoten. Sichtbare an der Tischplatte durchgesetzte Tischbeine, die aus Baumstammsektionen hergestellt wurden. Artikel in verschiedenen Maßen und Typologien erhältlich: mit rechteckiger, viereckiger, runder oder ovaler geformter Platte erhältlich. Eventuelle Risse oder Spalten an den Tischbeinen, die sowohl beim Kauf sichtbar oder später auftreten können, sind ein für Massivholz dieses Dimension völlig normales Ereignis, da es sich bei der Alterung auch je nach den unterschiedlichen Umweltbedingungen und Luftfeuchtigkeit „bewegt“. Die verschiedenen Farbnuancen, die in einem Möbelstück auftreten können, sind ein Echtheitsmaterial der Stücke, die ohne Kunststoffe produziert werden. Wir möchten Sie auf einige Eigenschaften des Tisches Mod. BOSS EXECUTIVE und auf dessen Lieferzeiten hinweisen. Die Tischbeine des Tisches sind aus massiven Holzblöcken ca. 33 x 33 x 73,5 hergestellt. Jeder für die Herstellung der Tischbeine benutzte Stamm ist wirklich ein Einzelstück, so wie es einmalig und exklusiv ist, einen Tisch mit dieser einzigartigen Anfertigung zu besitzen. Die Beschaffung dieser großen Stämme (aus NUSSBAUM und EICHE), das Sägen und das Auswählen verlangen einen größeren Zeitaufwand als die normale Bearbeitung von Materialien mit Standardstärken. Daher kann sich die geschätzte Lieferzeit aus den obengenannten Gründen auch um einige Wochen verzögern. Wir möchten somit informieren, dass während des Trocknungsprozess (besonders bei den massiven Holzblöcken, welche die Beine des Tisches BOSS EXECUTIVE bilden), eventuelle Bewegungen und Risse in dem Massivholzblock vorkommen können, sowohl bei Erhalt der Ware als auch in der nachfolgenden Zeit.

Für die Kunden die diese Eigenschaften nicht wünschen oder akzeptieren, bieten wir den Tisch alternativ als BOSS BASIC an. Der Unterschied besteht darin, dass wir einen Block 35 x 35 x 73,5 cm in einer massiven Rahmenkonstruktion bauen (nicht durch und durch massiv) und diese Säule entsprechend unter die Tischplatte montieren. Der Fuß wird nicht durch die Platte gestoßen und die Tischbeine sind somit nicht in der Platte sichtbar.

WOODSTOCK

INFORMAZIONI IMPORTANTI PER TAVOLO WOODSTOCK

Il tavolo WOODSTOCK è realizzato con un piano in legno massello di noce americano dello spessore di circa 9 cm. composto a sua volta da tavole in legno di varie dimensioni incollate tra loro in larghezza. Questi piani con spessori straordinari necessitano una preparazione e un'essiccazione del materiale legno molto più lunghi rispetto al normale processo di essiccazione adottato per un piano dello spessore medio di 4 o 5 cm.

Questo procedimento di essiccazione è una fase della lavorazione "controllata" con un grado di umidità media del 9% con una tolleranza di più o meno due punti. Pertanto i tempi di consegna di questo prodotto sono piuttosto lunghi, dai 4 ai 6 mesi a seconda della disponibilità del materiale. Vi consigliamo di contattare l'Ufficio Commerciale RIVA per conoscere il tempo di consegna stimato. E' bene ricordare che il legno è un materiale "vivo", che per tutta la vita del mobile continuerà a interagire con l'ambiente circostante e restando sensibile al calore e specialmente al grado di umidità dell'aria. Un grado di umidità troppo basso (come per esempio un ambiente riscaldato con ventilatori ad aria calda o termosifoni a parete o serpentina a pavimento senza adeguata umidificazione) potrebbe portare a fessure nel legno. Si consiglia inoltre di non posizionare il tavolo troppo vicino da fonti dirette di calore come stufe, caminetti. Mantenere nell'ambiente un'umidità ideale intorno al 50% - 55%. Nel caso che si presentino fessurazioni del legno (dovute alle modificazioni delle condizioni ambientali sopra menzionate), se sono di piccole dimensioni si possono chiudere con un apposito "stucco a cera", facile da trovare in commercio (oppure reperibile presso i Rivenditori autorizzati RIVA 1920) in formato di stick di varie colorazioni. Si consiglia di usare l'ecostucco monocomponente ad acqua.

Si procede in questo modo: dopo aver scaldato lo stucco per renderlo più morbido, lo si fa penetrare con cura sfregando energicamente la parte stuccata con un panno in modo far penetrare la quantità di stucco / cera nella fessura e infine rimuovere lo stucco / cera in eccesso ed eventuali sbavature. Una volta asciutto, lo stucco a cera deve essere ben levigato con della carta vetrata a grana sottile e oliare nuovamente la parte del tavolo trattata. Non usare mai prodotti chimici o sostanze abrasive o set di manutenzioni diversi dal set RIVA 1920.

IMPORTANT INFORMATION ABOUT WOODSTOCK TABLE

WOODSTOCK table is realized with a 9-cm-thick tabletop in solid American walnut composed by wooden boards of different dimensions glued together in width. Because of their extraordinary thickness, these tops need a selection and drying process that is much longer than the usual one that is adopted for a top whose average thickness is 4 or 5 cm. This drying process is a step of the "controlled" manufacture with an average humidity degree of 9%, and a tolerance of +/- two points. Thus, the delivery-time of this item is quite long, of about 4-6 months according to the availability of the material. We suggest you to contact RIVA Export Department to know the expected delivery-time. We remind you that wood is a "living" material, which will interact with the surrounding environment for the whole life of furniture and be subject to heat and, above all, to the humidity degree.

A too low humidity degree (for example, a room heated by warm air blowing fans, wall heating plants or heating coils on the floor, without a proper humidification), on the contrary, can produce splits in the wood. Besides, we recommend you not to put the table too near to direct heat sources like stoves or fireplaces and to maintain an ideal humidity degree between 50% and 55%. If small splits appear in the wood (caused by changes in the environmental conditions, as explained previously), they can be repaired by a special and easy-to-find "soft wax" which can be bought in the shops (or found by RIVA 1920 dealers) in the form of sticks of different colours. We suggest you to use some ecological and single-component water putty. You can proceed in this way: after having heated the putty to make it softer, rub down the piece with effort and care with a cloth in order to fill the split up with the putty/wax and then remove any eventual excess or smear. When it is dry, the wax needs to be well rubbed down with thin sandpaper or stainless wool. Then treat again the wooden top with our natural oil. Never use chemical products or abrasive substances or maintenance kits different from the one supplied by RIVA 1920.

WICHTIGE INFORMATIONEN ZU TISCH WOODSTOCK

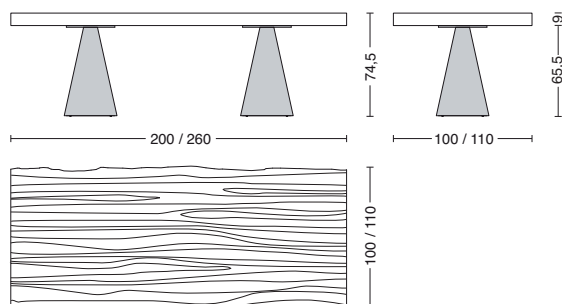

Der Tisch WOODSTOCK wird mit einer Stabverleimten Holzplatte Stärke 9 cm aus Amerikanischen Nussbaum gefertigt!!!

Tischplatten mit dieser außergewöhnlichen Materialstärke, nehmen eine wesentliche längere Bearbeitung und Trocknungszeit in Anspruch, wie die herkömmlichen Plattenstärken mit bis zu 5 cm. Der Trocknungsprozess verlangt eine kontrollierte Trocknung und ist mit der herkömmlichen Trocknung der Tischplatten nicht zu vergleichen. Aufgrund dieser besonderen Bearbeitung sind die Lieferzeiten für dieses Produkt wesentlich länger!!! Des weiteren ist die Verfügbarkeit solch massiver Planken nicht mit der eigentlichen Holzbeschaffung zu vergleichen. Die Bestände müssen von uns bei den Holzlieferanten abgefragt werden. Auf Grund dieser Beschaffungsmerkmale müssen wir Sie bitten eine Lieferzeit von 4 – 6 Monaten zu kalkulieren. Bitte weisen Sie bei Ihren Verkaufsgesprächen unbedingt darauf hin, dass Holz ein lebendiges Material ist und im Lauf des Lebens das Möbel immer durch Einflüsse der Umgebung (Raumfeuchtigkeit, Lichteinfluss und Wärme) reagieren kann. Wichtig ist, dass speziell bei Massivholzmöbeln für eine ausreichende Luftfeuchtigkeit zu sorgen ist. Man geht heute von einer Norm von 50 bis 55 % relativer Luftfeuchtigkeit in einem Raum aus. Hierbei hat das Holz die optimale Umgebung. Es empfiehlt sich Massivholztische nicht in der Nähe direkter Wärmequellen zu stellen. (Kamin) Pflege: Auch ein Massivholztisch braucht seine Pflege. Hier empfiehlt sich, regelmäßig die Oberfläche mit dem mitgelieferten Pflegeöl einzuölen. Somit geben sie Ihrem Tisch die nötige Pflege. Kleinere Haarrisse in der Oberfläche - sind in dieser Plattenstärke normal und können durch ein Wachskitt (Hersteller Clou) wieder verschlossen werden. Massivholztische sind von der Natur geschaffen und benötigen daher auch Pflege – genau so wie die Natur!!! Wir wünschen Ihnen mit diesem Riva Produkt viel Freude.

TAVOLA

Design: Matteo Thun

DISPONIBILE SOLO IN ROVERE O NOCE **CON NODI**.

Piano formato da due sezioni di tronco, lati naturali.

In caso di mancanza di due tavole uniche nella lunghezza e larghezza richiesta il top può essere realizzato con tavole in legno massello incollate, forma naturale.

ONLY IN OAK OR WALNUT **WITH KNOTS AVAILABLE**.

Tabletop composed by two boards, natural shape.

In case two single planks with the required length and width are not available, the tabletop can be produced with glued planks in solid wood, with natural shape.

NUR IN EICHE ODER NUSSBAUM **MIT KNOTEN** ERHÄLTICH.

Tischplatte aus zwei Planken gefertigt, Naturform.

In Fall, dass Planken der gewünschten Länge nicht zur Verfügung stehen sollten um die Breite von 90/100cm zu erreichen, gibt es die Möglichkeit Planken zu verleimen und die Naturkante und Mittelfuge beizubehalten.

ANSTECKPLATTE MIT NATURKANTE: Aufpreis von 20% auf das entsprechende Model berechnen.

Nur in den Versionen EICHE und NUSSBAUM mit KNOTEN erhältlich.

NOTA INFORMATIVA PER PRODOTTI IN LEGNO KAURI

CONFORMAZIONE DEL PIANO DEL TAVOLO “AUCKLAND” E RIFLESSI MILLENARI (SOLO SU RICHIESTA):

A) Piano tavolo KAURI pezzo unico “originale”. Si tratta di una tavola unica di legno KAURI. Le dimensioni (lunghezza, larghezza e spessore) e la forma della tavola sono quelle originali ottenute dal taglio del tronco. Questa versione presuppone l'accettazione da parte del cliente che le misure potrebbero non corrispondere al centimetro rispetto a quelle richieste.

B) Piano tavolo KAURI pezzo unico “con lati squadretti”. Si tratta di una tavola unica di legno KAURI. Le dimensioni della tavola (lunghezza, larghezza e spessore) sono quelle ottenute dal taglio del tronco. In seguito vengono squadretti i quattro lati per ottenere una forma del piano del tavolo rettangolare. **Questa versione presuppone l'accettazione da parte del cliente che le misure del tavolo, essendo la tavola un pezzo unico, potrebbero non corrispondere al centimetro rispetto a quelle richieste.**

FINITURA PIANO TAVOLO:

1) Piano tavolo con superficie levigata a mano (effetto grezzo). Finitura a olio.

2) Piano tavolo con superficie liscia levigata a macchina (rifinitura come i tavoli della collezione RIVA 1920). Finitura a olio.

L'indicazione del tipo di piano e di rifinitura dovranno essere sempre specificate anche in fase di preventivo e in fase di ordine.

Il prodotto che siete in procinto di acquistare è realizzato in legno “KAURI Millenario delle paludi”, un legno rimasto nel sottosuolo per migliaia di anni.

L'età di questo legno millenario può variare dai 7.000 ai 50.000 anni.

Le particolari caratteristiche del fango in cui il legno è stato sepolto e la mancanza di ossigeno nel terreno hanno permesso a questo legno di non subire alcun processo di fossilizzazione rimanendo splendido e intatto fino ai giorni nostri, come fosse appena tagliato.

E' assolutamente una normale caratteristica di questo legno, anzi, prerogativa di inimitabilità del prodotto, che in tavole di legno KAURI MILLENARIO dell'età di circa 30.000 anni, vi possano essere delle crepe e delle spaccature naturali e accidentali. Desideriamo sottolineare che non sarà motivo di reclamo qualsiasi contestazione riguardante movimenti del legno, crepe sul piano e ogni variazione che può subire il legno KAURI in quanto non dipendenti dalla nostra volontà e impossibili da prevedere.

Desideriamo quindi informare con chiarezza il nostro Cliente che il prodotto che sta acquistando non può essere paragonato a un “normale” tavolo in legno ma a qualcosa di straordinario, unico al mondo e inimitabile: una vera e propria opera d'arte creata dalla Natura e come tale deve essere accettata.

E' importante sapere che se viene scelta una tavola da una fotografia non può essere in alcun modo garantito che la tavola possa mantenere le medesime caratteristiche anche al momento della consegna. Essa infatti può subire movimenti, presentare nuove crepe derivate da un naturale assestamento del legno KAURI, dalla sua essiccazione o in base alle diverse condizioni ambientali.

IMPORTANT INFORMATION FOR PRODUCTS IN KAURIWOOD

TABLE TOP SPECIFICATIONS FOR MOD. “AUCKLAND” AND RIFLESSI MILLENARI (ON REQUEST ONLY):

A) One-piece “original” KAURI top. This is a top made of a single board of KAURI wood. The dimensions (length, width and thickness) and the shape of the board will be determined by the cut made of the original trunk. This version presupposes that the customer accepts that the measurements might not correspond down to the last centimetre to what was requested.

B) One-piece KAURI table top “with squared sides”. This is a top made of a single board of KAURI wood. The dimensions (length, width and thickness) and the shape of the board will be determined by the cut made of the trunk. In a second operation, the four sides will be squared off to obtain a rectangular form to the table top.

This version presupposes that the customer accepts that the measurements might not correspond down to the last centimetre to what was requested, given that the top is composed of a single piece.

TABLE TOP FINISHES:

1) table top with hand-sanded surface (rough effect). Oil finish.

2) table top with smooth machine-sanded surface (finish as for tables in the RIVA 1920 collection). Oil finish.

The type of table top and its finish must always be specified at both the quotation and the ordering stage.

The product you are about to acquire is made of “ancient swamp KAURI”, wood that has lain buried in the earth for thousands of years.

This wood may vary in age from 7,000 to 50,000 years old.

The special character of the mud in which this wood has been buried and the lack of oxygen in the soil have meant that no fossilization has taken place and the wood remains splendid and intact still today, as if it had just been cut.

It is a perfectly normal feature of this wood, indeed it is one of the unique aspects of this product, that lengths of ANCIENT KAURI wood that are about 30,000 years old may have cracks in them, as well as natural splits and dents. We would like to point out that this cannot be grounds for any complaint regarding the movement, surface cracks or unevenness of the KAURI wood, since this is neither the result of our actions nor predictable.

We would therefore like to be perfectly clear in informing our Customers that the product they are about to acquire cannot be compared to a “normal” wooden table. Rather it should be considered as something extraordinary, unique and inimitable: a genuine work of art created by the hand of Nature and be valued as such.

It is important to realise that if a table is chosen from a photograph there can be no guarantee that the table will remain unchanged in every way right down to the moment of delivery. Indeed, it might undergo movement, manifest new cracks as a result of the natural settling of the KAURI wood, its drying out or various other environmental factors.

WICHTIGE ANWEISUNGEN ÜBER PRODUKTE AUS KAURIHOLZ

GESTALTUNG DER TISCHPLATTE FÜR MOD. "AUCKLAND" UND RIFLESSI MILLENARI (NUR AUF ANFRAGE):

A) Tisch aus KAURIHOLZ an einem Stück in "Originalform". Es handelt sich um eine durchgehende Platte aus KAURIHOLZ. Die Größe (Länge, Breite und Stärke) und die Form der Platte entspricht dem Originalschnitt des Baumstammes. Diese Version setzt die Annahme seitens des Kunden voraus, da die Maße nicht zentimetergenau entsprechend den geforderten Maßen sein könnten.

B) Tischplatte KAURI an einem Stück "mit gekanteten Seiten". Es handelt sich um eine durchgehende Platte aus KAURIHOLZ. Die Größe der Platte (Länge, Breite und Stärke) entspricht dem Schnitt des Baumstammes. Später werden die vier Seiten gekantet, um die Form einer rechteckigen Tischplatte zu erhalten. **Diese Version setzt die Annahme seitens des Kunden voraus, da die Maße nicht zentimetergenau entsprechend den geforderten Maßen sein könnten.**

VOLLENDUNG BZW. OBERFLÄCHENBEARBEITUNG DER TISCHPLATTE:

1) Tischplatte mit handgeschliffener Oberfläche (Aussehen eines Rohlings). Feinbearbeitung auf Pflanzenölbasis.

2) Tischplatte mit maschinell glatt geschliffener Oberfläche. Feinbearbeitung auf Pflanzenölbasis.

Angaben der Tischplatte und der Vollendung sind auch bei Ablauf des Kostenvoranschlags und der Bestellung genau anzugeben.

Das von Ihnen gewählte Produkt besteht aus "tausendjährigem Kauriholz aus Sumpfgeländen". Ein Holz, dass nach über tausenden von Jahren dem Erdboden entnommen wurde.

Das Alter dieses tausendjährigen Holzes liegt zwischen 7.000 und 50.000 Jahren.

Die besondere Moorbodenbeschaffenheit und der Sauerstoffmangel des Bodens haben es diesem Holz ermöglicht, ohne Fossilisationseinwirkungen, bis zur heutigen Zeit schön zu bleiben, als wäre es jetzt erst gefällt worden.

Bei diesem tausendjährigen Kauriholz (ca. 30.000 Jahre) sind natürliche und unvorhergesehene Risse und Spalten absolut normale und unnachahmliche Eigenschaften. Wir möchten deshalb darauf aufmerksam machen, dass eventuelle Bewegungen, Risse und Zustandsveränderungen des Holzes, die mit der Zeit auftreten können, natur- und umweltbedingt sind und nicht als Ursache oder als Mangel angerechnet werden.

Wir möchten unseren Kunden darauf hinweisen, dass es sich bei diesem Produkt nicht um einen "normalen" Holztisch, sondern um etwas Außergewöhnliches, Einzigartiges und Unnachahmliches UNIKAT handelt: ein wahres Kunstwerk der Natur und als solches muss es akzeptiert werden.

Es ist wichtig zu wissen, dass bei einer Wahl einer fotografierten Platte die vollkommene Übereinstimmung mit dem Original bei der Lieferung nicht gewährleistet werden kann. Denn diese kann neue Risse durch Trocknen und natürliche und umweltbedingte Einwirkungen aufweisen.

AVVERTENZE PER PRODOTTI IN CEDRO MASSICCIO USEFULL INSTRUCTION FOR SOLID CEDARWOOD ARTICLES ANMERKUNGEN DER ZEDERNHOLZPRODUKTE			11

NOTA INTEGRATIVA PER LISTINO PREZZI TAVOLINI

- I tavolini della Collezione RIVA 1920, se non diversamente specificato nel riquadro del singolo articolo, sono realizzati con il top in legno massello.
- **I prezzi indicati, se non diversamente specificato nel riquadro del singolo articolo, si riferiscono alle essenze CILIEGIO - ACERO e ROVERE - NOCE senza nodi.**
- Per calcolare il prezzo nella versione **ROVERE e NOCE con NODI** applicare una riduzione del 5% dai prezzi indicati a Listino delle rispettive essenze.
- **Alcuni tavolini della Collezione NATURA e altri modelli di tavoli di Design ben specificati, considerate le loro caratteristiche, sono proposti standard già nelle versioni ROVERE e NOCE con NODI.**
- **Gli articoli della Collezione NATURA possono essere richiesti anche in essenza NOCE o ROVERE SENZA NODI (così come in CILIEGIO e ACERO): per questa modifica calcolare un supplemento del 12% dal prezzo di Listino.**
- **ARTICOLI IN ESSENZA ROVERE SPAZZOLATO, SBIANCATO E CERATO:** applicare una maggiorazione del 10% rispetto alla essenza rovere.
- **ARTICOLI IN ESSENZA TEAK e WENGE:** Per i prezzi in essenza TEAK e WENGE è consigliabile contattare l'Azienda per quotazioni personalizzate.
- **TOP con finitura PIALLATA:** applicare una maggiorazione del 10% rispetto al corrispondente prezzo di Listino.
- **TOP + GAMBE con finitura PIALLATA:** applicare una maggiorazione del 20% rispetto al corrispondente prezzo di Listino.
- **TOP CON LATI NATURALI:** Applicare una maggiorazione del 20% rispetto al prezzo di listino.
Disponibili SOLO in essenza ROVERE e NOCE con NODI.

ADDITIONAL NOTE FOR SMALL-TABLES PRICE LIST

- Small-Tables in the RIVA Collection, unless otherwise specified in the box relating to that article, are made with solid wood tops.
- **The prices indicated, unless otherwise specified in the box relating to that article, refer to CHERRY - MAPLE and OAK - WALNUT without knots.**
- To calculate the price of **OAK and WALNUT with KNOTS**, apply a reduction of 5% to the prices indicated in the List for each type of wood.
- **Some small-tables of the NATURA Collection and other clearly indicated models of tables in the Design range, given their characteristics, come as standard in the OAK and WALNUT versions with KNOTS.**
- **Articles of NATURA Collection can be also requested in WALNUT or OAK finish WITHOUT KNOTS (as well as in CHERRYWOOD or MAPLE): for this modification please calculate a surcharge of 12%.**
- **ARTICLES IN BRUSHED-WHITE OAK VERSION, WAXED:** apply a surcharge of 10% to the prices indicated in the List for "oak".
- **ARTICLES IN TEAKWOOD and WENGE:** For the prices of TEAK and WENGE versions, please contact RIVA 1920 asking for an individual quotation.
- **TABLETOP with HAND-SANDED SURFACE (Rough effect):** surcharge of 10% from the correspondent price in the List.
- **TABLETOP + LEGS with HAND-SANDED SURFACE (Rough effect):** surcharge of 20% from the correspondent price in the List.
- **TOP WITH NATURAL SIDES:** Surcharge of 20% from the correspondent Price in the List.
Available ONLY in OAK and WALNUT with KNOTS.

ERGÄNZUNG FÜR PREISLISTE DER COUCHTISCHEN

- Wenn nicht anders angegeben, werden unsere Tischplatten in Massivholz gefertigt.
- Wenn nicht anders angegeben, beziehen sich die Preise auf die Ausführung KIRSCHBAUM, AHORN, EICHE UND NUSSBAUM ohne Knoten (Äste).
- Um den Preis für die Ausführungen **EICHE und NUSSBAUM mit KNOTEN** zu kalkulieren, sind die in der Preisliste enthaltenen Preise der entsprechenden Ausführungen um **5% zu reduzieren**.
- **Einige Massivholzcouchtische aus der NATURA-Kollektion und angegebene Design-Modelle sind Standard in Eiche oder Nussbaum mit Knoten vorgesehen.**
- **Mit einem Aufpreis von 12% können genannte Artikel in Nussbaum und Eiche OHNE KNOTEN, sowie in Kirschbaum und Ahorn erworben werden.**
- **PREISKALKULATION FÜR ARTIKEL IN EICHE GEBÜRSTET GEWEISST UND GEWACHST:**
Aufpreis von 10% auf dem Preis der Ausführung "Eiche".
- **FÜR ARTIKEL aus TEAK oder WENGE:** Für Preise von Teakholz oder Wenge, bitte an die RIVA-Verkaufsabteilung wenden.
- **TISCHPLATTE mit handgehobelter Oberfläche:** Aufpreis von 10% auf das entsprechende Modell berechnen.
- **TISCHPLATTE + BEINE mit handgehobelter Oberfläche:** Aufpreis von 20% auf das entsprechende Modell berechnen.
- **PLATTE MIT NATURKANTE:** Aufpreis von 20% auf das entsprechende Modell berechnen.
Nur in den Versionen EICHE und NUSSBAUM mit KNOTEN erhältlich.

RAL 8019 (Graubraun) – RAL 9001 (Cremeweiß) – RAL 9002 (Grauweiß) – RAL 9005 (Tiefschwarz)
RAL 9010 (Reinweiß) – RAL 9016 (Verkehrsweiß).

MEHRPREIS Euro 160,00

AVVERTENZE PER PRODOTTI IN CEDRO MASSICCIO

Questi articoli sono realizzati in legno massello di cedro profumato. Eventuali movimenti del legno, piccole crepe e mutamenti del legno nel corso del tempo, non possono essere imputabili a reclami o imperfezioni del prodotto, bensì ad un naturale assestamento del legno in base alle diverse condizioni ambientali.

La possibile comparsa di macchie o piccoli addensamenti di muffe sulla superficie del prodotto sono anch'esse una reazione normale del legno massello, soprattutto in caso di prolungato immagazzinamento del prodotto nelle apposite casse da trasporto.

In questi casi vi preghiamo di intervenire come segue utilizzando gli strumenti del set manutenzione:

- 1) con la spazzola in dotazione togliere i residui di muffe.
- 2) lavare con acqua la parte precedentemente levigata.
- 3) lasciare asciugare in un luogo asciutto e areato.

Una caratteristica tipica dei prodotti realizzati in legno massello di cedro è il possibile rilascio della resina che si trova naturalmente all'interno del legno, specialmente sul fondo del prodotto. Si consiglia pertanto di non posizionare i prodotti in cedro sopra tappeti o superfici morbide che non consentono un'adeguata areazione del fondo del prodotto, soprattutto nei primi mesi dall'acquisto. E' inoltre consigliato spostare periodicamente questi oggetti dalla loro posizione originaria. Raccomandiamo inoltre di conservare questi prodotti in luoghi asciutti e ben areati.

USEFULL INSTRUCTION FOR SOLID CEDARWOOD ARTICLES

These articles are entirely made in solid scented cedar wood. Any movement in the wood, little cracks and changes that might occur over time cannot be considered grounds for complaint as they are due not to imperfections in the material but rather to a natural settling of the wood in reaction to various environmental conditions.

Similarly the possible appearance of marks or little patches of mould on the surface of the product is a perfectly normal reaction by solid wood in particular to prolonged periods of storage in transport packing.

Should such problems occur we ask you to undertake the following actions using the maintenance kit:

- 1) use the brush supplied to remove any traces of mould.
- 2) wash the parts previously worked on with water.
- 3) leave the article to dry in a dry and well aired place.

A typical characteristic of the items realized in solid cedar is the possible leakage of the resin that is naturally contained inside the wood, especially on the bottom of the product. Please be informed that, in order to avoid problems of spots or absorption of resin contained into solid cedar, we kindly suggest You not to locate items in cedarwood on carpets or soft surfaces which do not allow the ventilation of the bottom part of the item, especially in the first months from the purchasing. We suggest to keep them in a dry and good ventilated place.

ANMERKUNGEN DER ZEDERNHOLZPRODUKTE

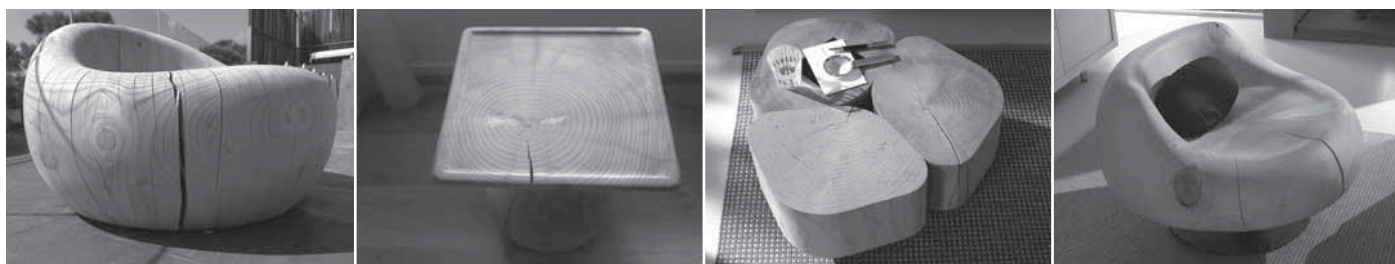

Diese Artikel sind vollständig aus duftenden massiven Zedernholz gefertigt: evtl. Risse, Bewegungen und Zustandsveränderungen des Holzes, die mit der Zeit auftreten können, sind natur- und umweltbedingt und können nicht als Ursache oder Mangel bei Reklamationen anerkannt werden.

Das mögliche Auftreten von Flecken und kleine Schimmelhäufung auf der Oberfläche sind normale Reaktionen von Massivholz, besonders durch eine längere Aufbewahrung in den Transportkisten.

In diesen Fällen bitten wir Sie mit dem Pflegeset folgendermaßen zu verfahren:

- 1) mit der Bürste den Schimmel zu entfernen
- 2) den bearbeiten Teil mit Wasser waschen
- 3) lassen Sie den Artikel an einem trockenen und belüfteten Ort trocknen

Eine typische Eigenschaft des Massivholzprodukt aus Zeder, ist das mögliche freigegeben von Harzen, welches sich im inneren des Holzes befindet. Es ist empfehlenswert den Zedernholzartikel nach der Auslieferung für die erste Zeit nicht auf hochflorige Teppiche oder anderweitige weiche Böden zu positionieren, bei denen keine ausreichende Belüftung gewährleistet ist bzw. regelmäßig der Standplatz zu wechseln. Es ist ratsam selbige Artikel an einen trockenen und gut belüfteten Ort zu stellen.

AVVERTENZE PER PRODOTTI IN CEDRO E NOCE MASSICCIO

Questi articoli sono realizzati in legno massello di cedro profumato o noce. Eventuali movimenti del legno, piccole crepe e mutamenti del legno nel corso del tempo, non possono essere imputabili a reclami o imperfezioni del prodotto, bensì ad un naturale assestamento del legno in base alle diverse condizioni ambientali.

La possibile comparsa di macchie o piccoli addensamenti di muffe sulla superficie del prodotto sono anch'esse una reazione normale del legno massello, soprattutto in caso di prolungato immagazzinamento del prodotto nelle apposite casse da trasporto.

In questi casi vi preghiamo di intervenire come segue utilizzando gli strumenti del set manutenzione:

- 1) con la spazzola in dotazione togliere i residui di muffe.
- 2) lavare con acqua la parte precedentemente levigata.
- 3) lasciare asciugare in un luogo asciutto e areato.

Una caratteristica tipica dei prodotti realizzati in legno massello di cedro è il possibile rilascio della resina che si trova naturalmente all'interno del legno, specialmente sul fondo del prodotto. Si consiglia pertanto di non posizionare i prodotti in cedro sopra tappeti o superfici morbide che non consentono un'adeguata areazione del fondo del prodotto, soprattutto nei primi mesi dall'acquisto. E' inoltre consigliato spostare periodicamente questi oggetti dalla loro posizione originaria. Raccomandiamo inoltre di conservare questi prodotti in luoghi asciutti e ben areati.

USEFULL INSTRUCTION FOR SOLID CEDARWOOD AND WALNUT ARTICLES

These articles are entirely made in solid scented cedar wood or walnut. Any movement in the wood, little cracks and changes that might occur over time cannot be considered grounds for complaint as they are due not to imperfections in the material but rather to a natural settling of the wood in reaction to various environmental conditions.

Similarly the possible appearance of marks or little patches of mould on the surface of the product is a perfectly normal reaction by solid wood in particular to prolonged periods of storage in transport packing.

Should such problems occur we ask you to undertake the following actions using the maintenance kit:

- 1) use the brush supplied to remove any traces of mould.
- 2) wash the parts previously worked on with water.
- 3) leave the article to dry in a dry and well aired place.

A typical characteristic of the items realized in solid cedar is the possible leakage of the resin that is naturally contained inside the wood, especially on the bottom of the product. Please be informed that, in order to avoid problems of spots or absorption of resin contained into solid cedar, we kindly suggest You not to locate items in cedarwood on carpets or soft surfaces which do not allow the ventilation of the bottom part of the item, especially in the first months from the purchasing. We suggest to keep them in a dry and good ventilated place.

ANMERKUNGEN DER ZEDERN UND NUSSBAUM HOLZ PRODUKTE

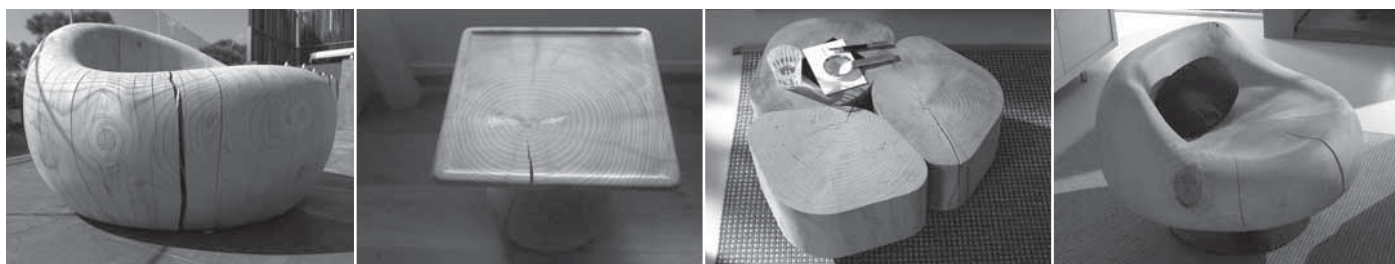

Diese Artikel sind vollständig aus duftenden massiven Zedernholz oder Nussbaum gefertigt: evtl. Risse, Bewegungen und Zustandsveränderungen des Holzes, die mit der Zeit auftreten können, sind natur - und umweltbedingt und können nicht als Ursache oder Mangel bei Reklamationen anerkannt werden.

Das mögliche Auftreten von Flecken und kleine Schimmelanhäufung auf der Oberfläche sind normale Reaktionen von Massivholz, besonders durch eine längere Aufbewahrung in den Transportkisten.

In diesen Fällen bitten wir Sie mit dem Pflegeset folgendermaßen zu verfahren:

- 1) mit der Bürste den Schimmel zu entfernen
- 2) den bearbeiteten Teil mit Wasser waschen
- 3) lassen Sie den Artikel an einem trockenen und belüfteten Ort trocknen

Eine typische Eigenschaft des Massivholzprodukt aus Zeder, ist das mögliche freigegeben von Harzen, welches sich im inneren des Holzes befindet. Es ist empfehlenswert den Zedernholzartikel nach der Auslieferung für die erste Zeit nicht auf hochflorige Teppiche oder anderweitige weiche Böden zu positionieren, bei denen keine ausreichende Belüftung gewährleistet ist bzw. regelmäßig der Standplatz zu wechseln. Es ist ratsam selbige Artikel an einen trockenen und gut belüfteten Ort zu stellen.

ELLADE TESSUTO COTONE - COTTON FABRIC - BAUMWOLLSTOFF

ELLADE è un tessuto in cotone 100% sfoderabile lavabile in acqua a 30° o a secco con percloroetilene. È consigliabile un prelavaggio in acqua fredda. In caso di macchie utilizzare una spugna imbevuta d'acqua e strofinare con sapone neutro. Per lavaggio a mano o in lavatrice usare un programma per tessuti delicati utilizzando detersivo neutro. Sono possibili lievi difformità cromatiche dovute alla stampa.

ELLADE is a removable fabric 100% cotton that can be washed using lukewarm water at 30° or with a dry cleaning using perchloroethylene. It is however advisable to make a previous washing in cold water. In case of stains use a wet sponge with mild soapy water. Washing by hand or by washing machine use a programme for delicate clothes using neutral detergent. Few colours differences are possible due to the print.

ELLADE ist ein abnehmbarer Stoff aus 100% Baumwolle. Er kann mit Wasser 30° oder mit Perchloräthylen gewaschen werden. Es ist eine Vorwäsche mit kaltem Wasser zu empfehlen. Falls Flecken vorhanden sind so mit Können diese mit einem naßen Schwamm und neutrale Seife abgerieben werden. Für Handwäsche oder Maschinenwäsche ist ein Feinwaschprogramm und Feinwaschmittel zu wählen. Geringe Farbweichungen sind druckbedingt möglich.

NUVOLA PELLE PIENO FIORE - FULL GRAIN LEATHER - ANILINLEDER

CARATTERISTICHE DELLA PELLE NUVOLA: NUVOLA è una pelle pieno fiore di grande pregio qualitativo ed estetico. Piccoli segni o differenze di grana sono caratteristiche assolutamente naturali, che volutamente non vengono mimetizzate in alcuna maniera, in modo da poter presentare un articolo vivo, genuino e integro. NUVOLA è una pelle che rispetta la salute e l'ambiente: i prodotti utilizzati per la concia, la tintura e il finissaggio sono conformi alle normative Europee. La gamma dei colori, sobria ed essenziale, è tale da durare a lungo nel tempo.

MANUTENZIONE DELLA PELLE NUVOLA: NUVOLA è una pelle naturale e perciò occorrono alcune avvertenze per mantenere le caratteristiche inalterate nel tempo. In caso di macchie, rimuovere lo sporco tamponando con panno asciutto, senza strofinare. Passare poi una spugna umida, imbevuta di acqua tiepida e sapone neutro; quindi passare una spugna pulita imbevuta di acqua e infine asciugare con un panno morbido. Non utilizzare mai smacchiatori o detergenti commerciali abitualmente usati per trattare le macchie dei tessuti. È molto importante inoltre non esporre mai i manufatti in pelle alla luce diretta del sole. Così facendo manterrete la Vostra pelle NUVOLA bella nel tempo.

CHARACTERISTICS OF LEATHER NUVOLA: NUVOLA is a full grain and good-looking leather of high quality. Light marks or different grain are absolutely natural. They are not hidden in any way, so that the article remains bright and natural. Leather NUVOLA respects the health and the environment as the products used for tanning, dyeing and finishing are in conformity with European Community rules. A sober and essential colour range guarantees a lasting fashion.

MAINTENANCE OF LEATHER NUVOLA: NUVOLA is natural leather and for this reason some care is needed to keep the same characteristics of the leather during the time. In case of stains, clean with a dry cloth, without rubbing. Then clean with a lukewarm water and neutral soap, than sponge again with water. Dry with a soft fabric. Never use stain-remover or common detergent used for cleaning fabrics. It's very important not to leave the leather under the direct sunshine. In this way you will keep your leather NUVOLA beautiful during the time.

EIGENSCHAFTEN DES LEDERS NUVOLA: NUVOLA ist ein sehr schönes, wertvolles und vollnarbiges Leder. Kleine Zeichen und Kornunterschiede sind natürliche Merkmale, die absichtlich nicht verdeckt wurden, um ein lebendiges, natürliches und unverändertes Produkt zu bieten. NUVOLA ist ein gesundheits- und umweltfreundliches Leder: die für die Gerbung, Färbung und Vellendung benutzten Materialien entsprechenden den EU-Normen. Die schlichte und essenzielle Farbskala garantiert ihre anhaltende Dauer.

PFLGE DES LEDERS NUVOLA: NUVOLA ist ein natürliches Leder, daher sind einige Hinweise zu beachten, um seine Eigenschaften beizubehalten. Bei Flecken ist der Schmutz mit einem trockenen Tuch, ohne zu reiben, zu entfernen. Dann zuerst mit einem Schwamm mit warmem Wasser und neutrale Seife und anschließend mit einem sauberen Schwamm und reinem Wasser behandeln. Zuletzt mit einem weichen Tuch trocknen. Es sind absolut keine handelsübliche Fleckentferner für Textilien zu verwenden. Außerdem ist es sehr wichtig, dass Lederprodukte nicht den direkten Sonnenstrahlen ausgesetzt werden. Auf diese Weise bleibt Ihnen NUVOLA als ein langlebiges schönes Leder.

OLIMPIA CUOINETTO - LEATHER - KERNLEDER

CARATTERISTICHE DELLA PELLE "OLIMPIA": il cuoietto "OLIMPIA" è un materiale di grande pregio qualitativo ed estetico. Ricavato dal groppone del vitello, il materiale viene conciato al cromo e rifinito con resine poliuretaniche all'acqua con una resistenza allo sfregamento a umido pari a 500/700 colpi, mentre a secco il valore è pari a 1000 colpi. Lo spessore del cuoio è mediamente di 2 mm. Il cuoio "OLIMPIA" è un materiale che rispetta la salute e l'ambiente: i prodotti utilizzati per la concia, la tintura e il finissaggio sono conformi alle normative CEE. (n.b.: i parametri tecnici devono essere considerati come valori indicativi: i valori ottenuti possono variare da un colore all'altro).

MANUTENZIONE DEL CUOINETTO "OLIMPIA": il cuoietto "OLIMPIA" è un materiale naturale e perciò occorrono alcune avvertenze per mantenere le caratteristiche del prodotto inalterate nel tempo. In caso di macchie rimuovere lo sporco tamponando con panno asciutto, senza strofinare. Utilizzare poi una spugna umida imbevuta di acqua tiepida e bioalcol; quindi asciugare con un panno morbido. Non utilizzare smacchiatori o detergenti commerciali abitualmente usati per trattare le macchie sui tessuti. È molto importante non esporre il cuoietto alla luce diretta del sole.

CHARACTERISTIC OF LEATHER "OLIMPIA": "OLIMPIA": is a good-looking leather of high quality. This quality of leather has been made out from the back of the calf. It is chrome tanned and finishes with polyurethane water resin. The resistance to wet rubbing amount to 500/700 beatings and for dry rubbing is amounting to 1.000 beatings.

The thickness of the leather is normally 2 mm. "OLIMPIA" leather respects the health and the environment as the products used for tanning, dyeing and finishing are in conformity with EEC rules. (Note: the technical data are to be considered as indicative values. The results can change from one colour to other).

MAINTENANCE OF LEATHER "OLIMPIA": "OLIMPIA" leather is a natural material and therefore some care is needed to keep the same characteristics of the leather during the time. In case of stains, clean with a dry cloth, without rubbing. Then clean with lukewarm water and bioalcohol; than dry with a soft fabric. Never use stain-remover or common detergent used to clean fabrics. It is very important not to leave the leather under the direct sunshine.

EIGENSCHAFTEN DES LEDERS "OLIMPIA": "OLIMPIA" ist ein sehr schönes und wertvolles Rindsleder. Der Croupon, der stärkste und hochwertigste Teil der Haut, wird chromgegerbt und mit Wasser-Polyurethanharzen vollendet. Seine Reibungsbeständigkeit beläuft sich bei feuchtem Zustand bis zu 500/700 Stößen, dagegen erhöht sich der Wert bei trockenem Zustand bis zu 1000 Stößen. Die Lederstärke ist durchschnittlich 2 mm. "OLIMPIA" ist ein gesundheits- und umweltfreundliches Leder: die für die Gerbung, Färbung und Vellendung benutzten Materialien entsprechen den EWG-Normen. (N.B.: die technischen Daten sind Richtwerte: zwischen den Farben können sich unterschiedliche Werte ergeben).

PFLGE FÜR DAS LEDER "OLIMPIA": das Leder "OLIMPIA" ist ein natürliches Material, daher sind einige Hinweise zu beachten, um die Eigenschaften des Produkts beizubehalten. Bei Flecken ist der Schmutz mit einem trockenen Tuch, ohne zu reiben, zu entfernen. Dann mit einem Schwamm mit warmem Wasser und Bioalkohol behandeln und mit einem weichen Tuch trocknen. Es sind keine handelsüblichen Fleckentferner für Textilien zu verwenden. Es ist sehr wichtig, dass das Leder nicht den direkten Sonnenstrahlen ausgesetzt wird.

PELLE UTAH HEAVY

Pelle per arredamento nabuccato e cerato con effetto invecchiato, lavorato con paraffine, con leggero effetto "pull-up" e finitura opaca / semilucida.

CARATTERISTICHE TECNICHE:

Provenienza: pelli bovine di origine europea con taglie medie superiori a 48 pq.

Concia: al cromo in bottali Triplex in legno.

Riconcia: di tipo vegetale, in bottali di acciaio per conferire consistenza e solidità al prodotto.

Tintura: viene eseguita in botte a mezzo di coloranti all'anilina.

Ingrasso: si esegue in bottale a mezzo di speciali ingrassi che conferiscono rotondità, idrorepellenza e tatto alla pelle.

Rifinitura: si ottiene mediante l'impiego di resine e cere paraffine conferite con processi meccanici sulla parte più superficiale della pelle.

Le differenze di tonalità riscontrabili, talvolta, tra pelle e pelle, sono dovute al trattamento all'anilina, che per contro restituisce trasparenza e profondità; caratteristiche immancabili delle pelli lavorate nel pieno rispetto di pregi e difetti del cuoio naturale.

Grana: si ottiene mediante prolungata follo natura in bottali in legno.

Stiratura: si ottiene mediante l'impiego della pressa rotativa caldo, al fine di portare a fusione i prodotti di rifinitura.

Bottalatura: si esegue in bottali di legno con prolungata rotazione al fine di creare, con lo sfregamento e conseguente variazione della temperatura interna, l'effetto "SCREPOLATO" e chiaro-scuro tipico dell'articolo che riproduce l'usura del tempo.

Spessore: 2,8 – 3,0 mm.

UTAH HEAVY LEATHER

Leather for furnishing sueded and waxed, with aging effect, worked with paraffin, with a light pull-up effect; finish mat or demiluster.

TECHNICAL CHARACTERISTICS:

Origin of the raw material: Bovine leather of European origin with medium size bigger than 48 sqf.

Tanning: Chromed in Triplex wooden drums

Re-Tanning: Vegetable, in stainless steel drums in order to provide consistence and solidity to the product.

Dye: It is made into drums through the use of aniline coloring.

Stuffing: It is made into drums though special stuffing which provide roundness, water repellence and softness to the leather.

Finishing: It is obtained through the use of resins and waxes paraffin supplied through mechanical processes on the most external surface of the leather.

The differences in tonality which may be sometimes seen between leather to leather are due to the use of aniline, which for its use grant transparency and deepness, unfailing characteristic of leather worked in the full respect of the values and of the imperfections of the natural leathers.

Grain: It is obtained through the long-timing fulling-stock in wooden drums.

Ironing: It is obtained through the use of warm rotating press, in order to bring to fusion the products for refining.

Drumming: It is made in wooden drums with long-timing rotation in order to create, though the rubbing a consecutive change in the internal temperature, thus providing the "chapped" effect and the light and shade effects typical of an article wore by the time wear.

Thickness: 2,8 – 3,00 mm.

UTAH HEAVY LEDER

Polsterleder, Nubukleder - Oberfläche mit Wachs behandelt; vintage optik, Bearbeitung mit Paraffin, mit einem leichten Pull Up Effekt, matt/halb glänzend.

TECHNISCHE DATEN:

Herkunft: europäische Rindshäute – Mindestfläche über 48 Quadratfüße.

Gerbung: mit Chrom in Holzfässern TRIPLEX.

Zweite Gerbungsphase: mit pflanzlichen Stoffen in Edelfahlfässern die Stärke und Festigkeit an das Material geben

Färbung: im Fass durchgefärbt mit Anilinfarben.

Fettung: durch spezielle Fettungsprozesse im Fass, die Stärke und Wasser abstoßen und eine weiche Oberfläche ergeben

Vollendung: durch den Gebrauch von Harzen, Wachsen und Paraffinen auf der Fläche des Leders Eventuelle Farbunterschiede zwischen den Häuten sind aufgrund der Bearbeitung mit Anilin möglich. Sie geben dem Leder Farbe und Tiefe. Diese sind Hauptmerkmale von einem natürlichen Material wie Leder.

Narbung: wird durch einen langen Bearbeitung im Fass gemacht.

Bügeln: durch rotierende Wärmebearbeitung, damit die Vollendungsmittel gut schmelzen.

Bearbeitung im Fass: in Holzfässern entwickelt. Durch die Wärmeänderung und die Rotation im Fass bekommt man den typischen hell/dunkel Effekt dieses Nubukleders, der die Abnutzung zeigt.

Stärke: 2,8 – 3,0 mm.

MANUTENZIONE DELLA PELLE UTAH

La pelle UTAH è un materiale naturale e perciò occorrono alcune avvertenze per mantenere le caratteristiche inalterate nel tempo.

La pelle UTAH è già trattata con materiali idrorepellenti e pertanto sopporta una certa resistenza ai liquidi.

E' tuttavia consigliabile, in caso di macchie di liquidi, di rimuovere immediatamente il liquido con un panno asciutto e tamponare con carta assorbente prima che il liquido venga assorbito dalla pelle. Inoltre in caso di macchie secche si consiglia una pulizia con una gomma per matita.

Non usare altri strumenti abrasivi o detergenti chimici in quanto potrebbero irrimediabilmente rovinare la superficie e la qualità della pelle.

MAINTENANCE OF UTAH HEAVY LEATHER

UTAH leather is a natural material that requires proper care to maintain its characteristics over time.

UTAH leather is treated with water-repellent materials and thus can be resistant to liquids. However, in case of stains caused by liquids, we suggest you to remove the stain immediately with a dry cloth and then to dry making a circular movement with some paper towel before the liquid is absorbed by leather.

Moreover, in case of dry stains, we advise you to clean the leather with a rubber for design.

Never use other abrasive products or chemical detergents. The problem could get worse and the surface and the leather quality could be damaged.

LEDERPFLEGE

Das Leder UTAH ist ein natürliches Material soll sehr sorgfältig behandelt werden, damit es seine Besonderheiten unverändert behält.

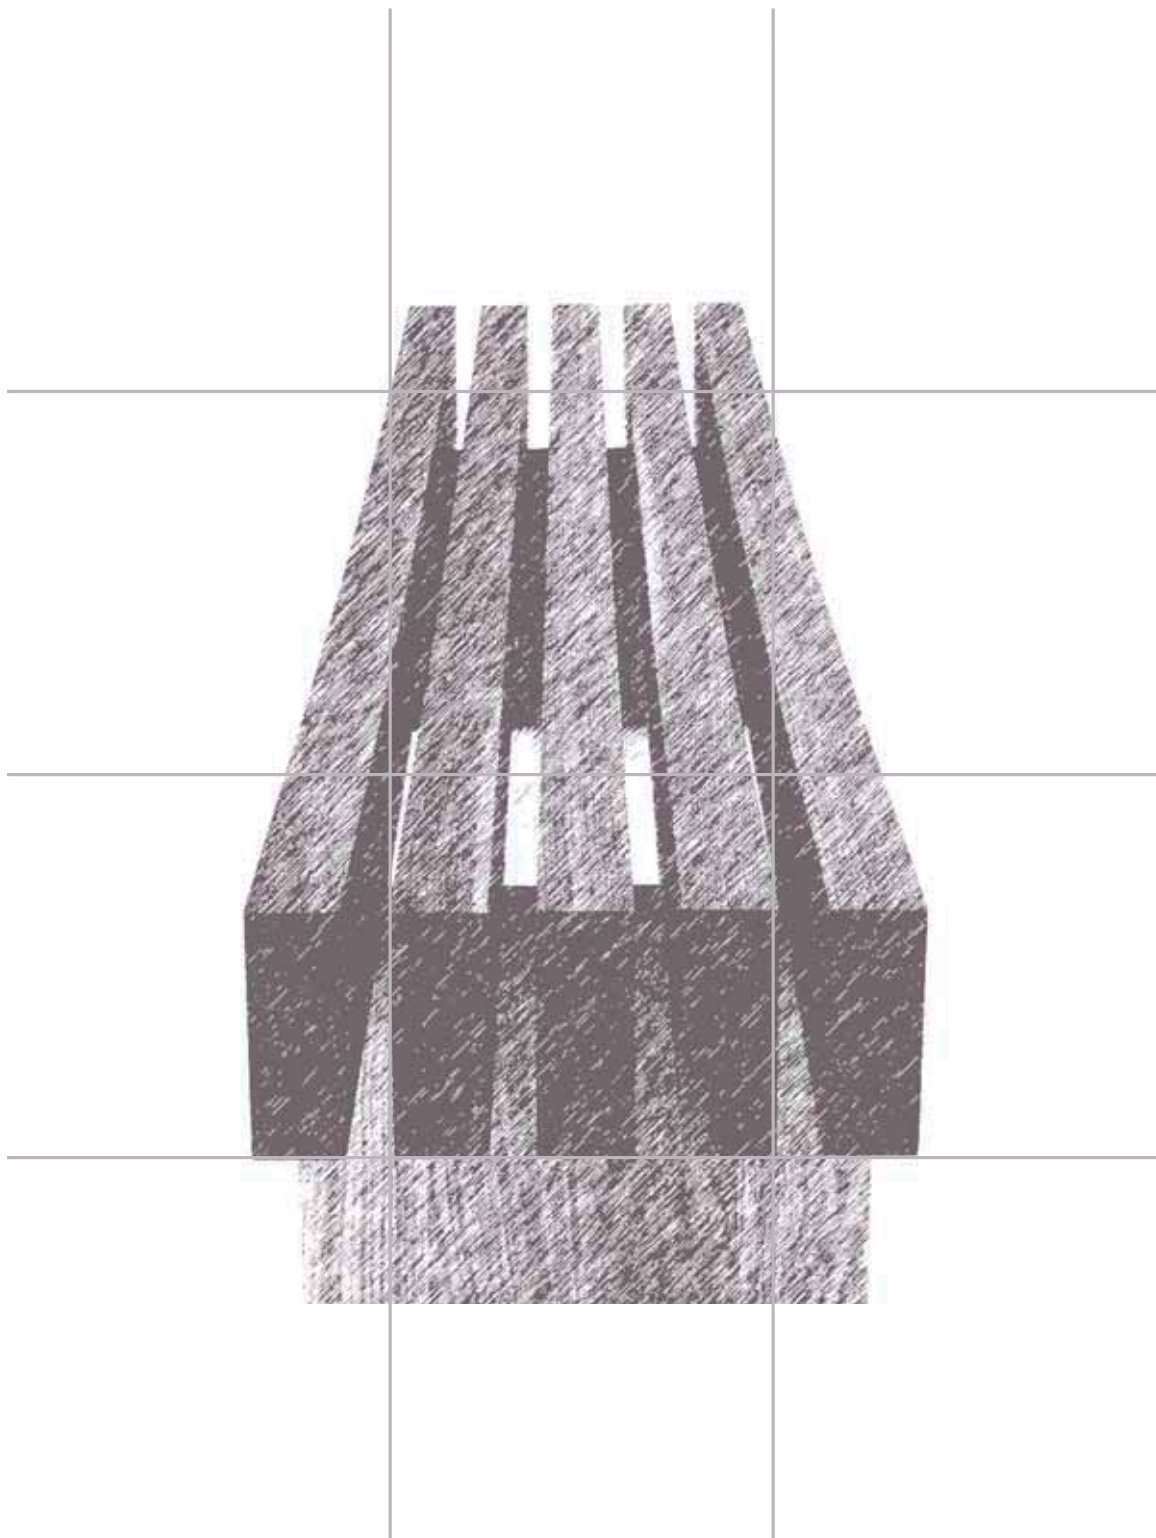

Das Leder UTAH wird mit wasserabweisenden Mitteln bearbeitet deswegen zeigt es eine hohe Resistenz bei Flüssigkeiten.

Trotzdem raten wir, im Fall das Tropfen oder Flüssigkeiten auf die Fläche kommen, diese sofort mit einem sauberen, trockenen, weichen Tuch und Löschpapier zu reinigen bevor das Leder die Flüssigkeit aufsaugt. Trockene Flecken können mit einem Radiergummi entfernt werden.

Vermeiden Sie Schleifmittel oder chemische Substanzen auf der Fläche. Sie wird damit irreparabel beschädigt.

NOTA INTEGRATIVA PER LISTINO PREZZI PANCHE

- Le panche della Collezione RIVA 1920, se non diversamente specificato nel riquadro del singolo articolo, sono realizzati con il top in legno massello.
- I prezzi indicati, se non diversamente specificato nel riquadro del singolo articolo, si riferiscono alle essenze CILIEGIO - ACERO e ROVERE - NOCE senza nodi.
- Per calcolare il prezzo nella versione **ROVERE e NOCE con NODI** applicare una **riduzione del 5%** dai prezzi indicati a Listino delle rispettive essenze.
- Alcune panche della Collezione **NATURA** e altri modelli di tavoli di Design ben specificati, considerate le loro caratteristiche, sono proposti standard già nelle versioni **ROVERE e NOCE con NODI**.
- Gli articoli della Collezione **NATURA** possono essere richiesti anche in essenza **NOCE o ROVERE SENZA NODI** (così come in CILIEGIO e ACERO): per questa modifica calcolare un supplemento del **12%** dal prezzo di Listino.
- **ARTICOLI IN ESSENZA ROVERE SPAZZOLATO, SBIANCATO E CERATO:** applicare una maggiorazione del 10% rispetto alla essenza rovere.
- **ARTICOLI IN ESSENZA TEAK e WENGÉ:** per i prezzi in essenza TEAK e WENGÉ è consigliabile contattare l'Azienda per quotazioni personalizzate.
- **SEDUTA con finitura PIALLATA:** applicare una maggiorazione del 10% rispetto al corrispondente prezzo di Listino.
- **SEDUTA + GAMBE con finitura PIALLATA:** applicare una maggiorazione del 20% rispetto al corrispondente prezzo di Listino.
- **SEDUTA PANCA CON LATI NATURALI:** applicare una maggiorazione del 20% rispetto al prezzo di listino. Disponibili **SOLO** in essenza **ROVERE e NOCE con NODI**.

ADDITIONAL NOTE FOR BENCHES PRICE LIST

- Benches in the RIVA Collection, unless otherwise specified in the box relating to that article, are made with solid wood tops.
- The prices indicated, unless otherwise specified in the box relating to that article, refer to **CHERRY - MAPLE and OAK - WALNUT without knots**.
- To calculate the price of **OAK and WALNUT with KNOTS**, apply a **reduction of 5%** to the prices indicated in the List for each type of wood.
- Some benches of the **NATURA** Collection and other clearly indicated models of tables in the **Design** range, given their characteristics, come as standard in the **OAK and WALNUT** versions with **KNOTS**.
- Articles of **NATURA** Collection can be also requested in **WALNUT or OAK** finish **WITHOUT KNOTS** (as well as in **CHERRYWOOD or MAPLE**): for this modification please calculate a surcharge of **12%**.
- **ARTICLES IN BRUSHED-WHITE OAK VERSION, WAXED:** apply a surcharge of 10% to the prices indicated in the List for "oak".
- **ARTICLES IN TEAKWOOD and WENGÉ:** for the prices of TEAK and WENGÉ versions, please contact RIVA 1920 asking for an individual quotation.
- **BENCH SEAT with HAND-SANDED SURFACE (Rough effect):** surcharge of 10% from the correspondent price in the List.
- **BENCH SEAT + LEGS with HAND-SANDED SURFACE (Rough effect):** surcharge of 20% from the correspondent price in the List.
- **BENCH SEAT WITH NATURAL SIDES:** surcharge of 20% from the correspondent price in the List Available **ONLY** in **OAK and WALNUT with KNOTS**.

ERGÄNZUNG FÜR PREISLISTE DER SITZBÄNKEN

- Wenn nicht anders angegeben, werden unsere Bänke in Massivholz gefertigt.
- Wenn nicht anders angegeben, beziehen sich die Preise auf die Ausführung KIRSCHBAUM, AHORN, EICHE UND NUSSBAUM ohne Knoten (Äste).
- Um den Preis für die Ausführungen **EICHE und NUSSBAUM mit KNOTEN** zu kalkulieren, sind die in der Preisliste enthaltenen Preise der entsprechenden Ausführungen um **5% zu reduzieren**.
- Einige Massivholzbänke aus der **NATURA**-Kollektion und angegebene Design-Modelle sind Standard in Eiche oder Nussbaum mit Knoten vorgesehen.
- Mit einem Aufpreis von **12%** können genannte Artikel in Nussbaum und Eiche **OHNE KNOTEN**, sowie in Kirschbaum und Ahorn erworben werden.
- **PREISKALKULATION FÜR ARTIKEL IN EICHE GEBÜRSTET GEWEISST UND GEWACHST:** Aufpreis von 10% auf dem Preis der Ausführung "Eiche".
- **FÜR ARTIKEL aus TEAK oder WENGÉ:** für Preise von Teakholz oder Wenge, bitte an die RIVA-Verkaufsabteilung wenden.
- **SITZBÄNKE mit handgehobelter Oberfläche:** Aufpreis von 10% auf das entsprechende Modell berechnen.
- **SITZBÄNKE + GESTELL mit handgehobelter Oberfläche:** Aufpreis von 20% auf das entsprechende Modell berechnen.
- **SITZBANK MIT NATURKANTE:** Aufpreis von 20% auf das entsprechende Modell berechnen. Nur in den Versionen EICHE und NUSSBAUM mit KNOTEN erhältlich.

MOBILI / VETRINE

CHEST OF DRAWERS / CABINETS

SCHUBKASTENKOMMODEN / VITRINE

NOTE TECNICHE PER MOBILI

Cassetti: I cassetti dei mobili della collezione RIVA 1920, salvo indicazione specifica, sono realizzati di serie con il tradizionale scorrimento "a scatola" legno su legno senza alcun tipo di binario. A richiesta è possibile ordinare il cassetto scorrevole su BINARI METALLICI BLUEMOTION ad estrazione totale, con fermo di sicurezza a fine corsa.

Per calcolare il prezzo del mobile CON CASSETTI montati SU BINARI METALLICI "BLUEMOTION" aggiungere il seguente importo per ogni cassetto:

coppia di binari per cassetto profondità cm. 27 - 50: Euro 49,00

coppia di binari per cassetto profondità cm. 55 - 70: Euro 105,00

Importante: L'altezza interna di un cassetto con binario metallico, rispetto al frontale esterno, è inferiore di 4 centimetri.

Cassetti con sistema di apertura e chiusura "push-pull": a richiesta i cassetti possono essere dotati del sistema di apertura e chiusura "premi-apri" (push-pull).

Per calcolare il prezzo dei cassetti montati con apertura e chiusura "push-pull" aggiungere il seguente importo per ogni cassetto:

- se il cassetto è già previsto con binario metallico BLUEMOTION: aggiungere Euro 20,00 per il sistema push-pull.
- se il cassetto è con scorrimento a scatola aggiungere il supplemento per la coppia di binari (come indicato sopra) e il supplemento del sistema push-pull di Euro 20,00.

Cassetti con variante maniglia fresata nel frontale (se non standard per il modello):

- per cassetti con larghezza fino a cm. 50, applicare maggiorazione di Euro 50,00 per ogni cassetto.
- Per cassetti con larghezza fino a cm. 90, applicare maggiorazione di Euro 75,00 per ogni cassetto.

Ante con sistema di apertura e chiusura "push-pull": le ante dei mobili della collezione RIVA 1920, salvo indicazione specifica, sono realizzati di serie con chiusura tramite magnete. Per le ante con altezza massima di cm. 100 è possibile montare il sistema di apertura e chiusura "premi-apri" (push-pull) con un supplemento di Euro 15,00 per ogni ante.

Versione mobile con zoccolo: per alcuni modelli della Collezione RIVA 1920 proposti standard

con il piedino e possibile avere anche la versione con ZOCCOLO in LEGNO.

Per questa modifica considerare +8% rispetto al prezzo di Listino esposto.

Versione mobile smontabile: alcuni modelli della Collezione RIVA 1920 sono realizzati standard

con la struttura incollata. E' possibile richiedere il mobile nella versione smontabile.

Per questa modifica considerare +10% rispetto al prezzo di Listino esposto.

Top mobili con altezza superiore a cm. 190: i top superiori di mobili, credenze, vetrine, armadi con altezza uguale o superiore a cm. 190 sono costituiti da una cornice in legno massello.

ARTICOLI IN ESSENZA ROVERE SPAZZOLATO, SBIANCATO E CERATO: applicare una maggiorazione del 10% rispetto all'essenza rovere.

ARTICOLI IN ESSENZA TEAK e WENGÉ: per i prezzi in essenza TEAK e WENGÉ è consigliabile contattare l'Azienda per quotazioni personalizzate.

TECHNICAL NOTE FOR CHEST OF DRAWERS AND CABINETS

Drawers: unless specifically indicated, drawers in the RIVA 1920 Collection are all made using the traditional "box" system with no guide-rail.

If requested, a BLUEMOTION METAL RAIL full-pull-out sliding drawer with safety-stop can be ordered.

The price of furniture incorporating DRAWERS ON METAL RAILS can be calculated by adding the following sums for each drawer:

Couple of rails for a drawer with a depth from 27 to 50 cm.: Euro 49,00

Couple of rails for a drawer with a depth from 55 to 70 cm.: Euro 105,00

Important: the internal height of a drawer equipped with metal rail is reduced of 4 cm., compared with the external drawers front.

Drawers with "push-pull" closing and opening system: push-pull system can be ordered.

The price of the drawer incorporating the "push-pull" system can be calculated by adding the following surcharge:

- if the drawer is still equipped with metal rails apply a surcharge of Euro 20,00
- if the drawer is without guide-rail apply the surcharge of the couple of rails (above mentioned) and the surcharge of "push-pull" system of Euro 20,00

Handles version formed by a groove running horizontally across the drawer (if not standard for the Model):

- for drawer till cm. 50 width, apply a surcharge of Euro 50,00 for each drawer.
- For drawer from cm. 51 till cm. 90 width, apply a surcharge of Euro 75,00 for each drawer.

Doors with "push-pull" closing and opening system: unless specifically indicated, doors closing system in RIVA 1920 Collection are all equipped with magnets.

If requested, for doors not exceeding the height of cm. 100, "push-pull" system can be ordered with a surcharge of Euro 15,00 for each door.

Items with plinth: some items in the RIVA 1920 Collection already offered in the standard version, with feet, can also be supplied in a version with a WOODEN PLINTH.

The price of these versions will be 8% higher than that given in the price list.

Disconnectable versions: some items in the RIVA 1920 Collection already offered in the standard version (assembled and glued) can be supplied on request in a version that can be taken apart. The price of these versions will be 10% higher than that given in the price list.

Top surfaces higher than 190 cm: top surfaces of furniture, dressers, display units, cupboards and wardrobes with a height of 190cm or more all have a solid wood edge.

ARTICLES IN BRUSHED-WHITE AND WAXED OAK VERSION: apply a surcharge of 10% to the prices indicated in the List for "oak".

ARTICLES IN TEAKWOOD and WENGÉ: for the prices of TEAK and WENGÉ versions, please contact RIVA 1920 asking for an individual quotation.

TECHNISCHE HINWEISE ZU DEN KORPUSMÖBELN

Schubladen: Standard: Schubkasten der Kollektion RIVA 1920 laufen Holz auf Holz.

Auf Wunsch sind Schubladen mit BLUEMOTION - Vollauszügen inkl. Sicherheitsstop möglich, hierfür folgenden Mehrpreis pro Schub berücksichtigen:

Schienenpaar für Schubkastentiefe von 27 - 50 cm: Mehrpreis Euro 49,00 VK.

Schienenpaar für Schubkastentiefe von 55 - 70 cm: Mehrpreis Euro 105,00 VK.

Wichtig: Bei Verwendung von Vollauszügen verringert sich Innenhöhe der Schubkasten um 4 cm. Die Front der Schubladenkasten bleibt hiervon unberücksichtigt.

Schübe mit Push-Pull-Öffnung: auf Anfrage können einige Schübe mit der Push-Pull-Öffnung ausgestattet werden. Es ist folgender Mehrpreis pro Schub zu berücksichtigen:

- bei bereits vorhandenen Vollauszügen: 20 Euro pro Schub kalkulieren
- bei Schüben mit Holz-Holz-Führung sind die Kosten der jeweiligen Vollauszüge zu kalkulieren, plus 20 Euro je Schuböffnungs-system

Schübe mit gefrästen Griff: wir bieten Ihnen die Möglichkeit Ihre Möbel, wenn nicht Standard, mit einem gefrästen Griff zu fertigen:

- bei Schüben mit einer Breite bis zu 50cm, kalkulieren Sie einen Aufpreis von 50 Euro / pro Schub
- bei Schüben mit einer Breite bis zu 90cm, kalkulieren Sie einen Aufpreis von 75 Euro / pro Schub

Drehtüren mit Push-Pull-Öffnung: wir bieten Ihnen die Möglichkeit Ihre Möbel, wenn nicht anders angegeben, mit der Push-Pull-Öffnung zu fertigen, für Drehtüren bis zu max. Höhe von 100cm möglich, mit einem Aufpreis von 15 Euro / pro Tür.

Variante mit Sockel: Einige Modelle der Kollektion RIVA 1920 sind, anstelle der standardmäßigen Füße, mit Holzsockel erhältlich: Aufpreis 8%.

Zerlegbare Möbel: Einige Möbel werden standardmäßig verleimt gefertigt und geliefert. Auf Wunsch ist es jedoch auch möglich, diese zerlegbar zu liefern: Aufpreis 10%.

Abdeckplatten für Möbel mit einer Höhe ab 190 cm: Abdeckplatten für Möbel mit einer Höhe ab 190 cm. sind mit einem Kranzprofil ausgestattet.

ARTIKEL IN EICHE GEBÜSTET, GEWEISST UND GEWACHST: Aufpreis von 10% auf dem Preis in der Ausführung "Eiche".

ARTIKEL aus TEAK oder WENGÉ: für Preise von Teakholz oder Wenge, bitte an die RIVA - Verkaufsabteilung wenden.

NOTA INFORMATIVA PER LIBRERIE

Cassetti con sistema di apertura e chiusura "push-pull": a richiesta i cassetti possono essere dotati del sistema di apertura e chiusura "premi-apri" (push-pull).

Per calcolare il prezzo dei cassetti montati con apertura e chiusura "push-pull" calcolare sovrapprezzo di Euro 20,00 per cassetto.

Cassetti con variante maniglia fresata nel frontale (se non standard per il modello):

- per cassetti con larghezza fino a cm. 50, applicare maggiorazione di Euro 50,00 per ogni cassetto.
- Per cassetti con larghezza da cm. 51 fino a cm. 90, applicare maggiorazione di Euro 75,00 per ogni cassetto.

Ante con sistema di apertura e chiusura "push-pull": le ante dei mobili della collezione RIVA 1920, salvo indicazione specifica, sono realizzati di serie con chiusura tramite magnete.

Per le ante con altezza massima di cm. 100 è possibile montare il sistema di apertura e chiusura "premi-apri" (push-pull) con un supplemento di Euro 15,00 per ogni anta.

ARTICOLI IN ESSENZA ROVERE SPAZZOLATO, SBIANCATO E CERATO:

applicare una maggiorazione del 10% rispetto alla essenza rovere.

ARTICOLI IN ESSENZA TEAK e WENGE: per i prezzi in essenza TEAK e WENGE è consigliabile contattare l'Azienda per quotazioni personalizzate.

INFORMATION REGARDING BOOKSHELVES

Drawers with "push-pull" closing and opening system: push-pull system can be ordered.

The price of the drawer incorporating the "push-pull" system can be calculated by adding the surcharge of Euro 20,00 for each drawer.

Handles version formed by a groove running horizontally across the drawer (if not standard for the Model):

- for drawer till cm. 50 width, apply a surcharge of Euro 50,00 for each drawer.
- For drawer from cm. 51 till cm. 90 width, apply a surcharge of Euro 75,00 for each drawer.

Doors with "push-pull" closing and opening system: unless specifically indicated, doors closing system in RIVA 1920 Collection are all equipped with magnets.

If requested, for doors not exceeding the height of cm. 100, "push-pull" system can be ordered with a surcharge of Euro 15,00 for each door.

ARTICLES IN BRUSHED-WHITE OAK VERSION WAXED:

apply a surcharge of 10% to the prices indicated in the List for "oak".

ARTICLES IN TEAKWOOD and WENGE: for the prices of TEAK and WENGE versions, please contact RIVA 1920 asking for an individual quotation.

HINWEISUNGEN FÜR REGALSYSTEME

Schübe mit Push-Pull-Öffnung: auf Anfrage können einige Schübe mit der Push-Pull-Öffnung ausgestattet werden. Es ist Mehrpreis über Euro 20,00 pro Schub zu kalkulieren.

Schübe mit gefrästen Griff: wir bieten Ihnen die Möglichkeit Ihre Möbel, wenn nicht Standard, mit einem gefrästen Griff zu fertigen:

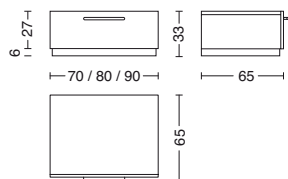

- bei Schüben mit einer Breite bis zu 50cm, kalkulieren Sie einen Aufpreis von 50 Euro / pro Schub
- bei Schüben mit einer Breite von cm. 51 bis zu 90cm, kalkulieren Sie einen Aufpreis von 75 Euro / pro Schub

Drehtüren mit Push-Pull-Öffnung: wir bieten Ihnen die Möglichkeit Ihre Möbel, wenn nicht anders angegeben, mit der Push-Pull-Öffnung zu fertigen, für Drehtüren bis zu max. Höhe von 100cm möglich, mit einem Aufpreis von 15 Euro / pro Tür.

ARTIKEL IN EICHE GEBÜRSTET, GEWEISST UND GEWACHST:

Aufpreis von 10% auf dem Preis der Ausführung "Eiche".

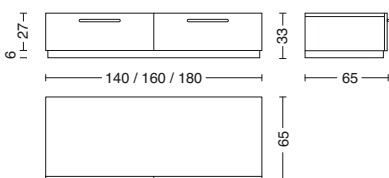

ARTIKEL aus TEAK oder WENGE: für Preise von Teakholz oder Wenge, bitte an die RIVA - Verkaufsabteilung wenden.

Qui di seguito vengono presentate delle possibili soluzioni di libreria.
Prezzi calcolati per versione in essenza rovere e struttura in ferro naturale finitura trasparente opaco.

Here under we present some bookshelf solution.

Prices calculated for versions in oak and external frame in natural iron with mat transparent finish.

Hier unten zeigen wir einige Lösungen von Regalsysteme.

Die Preise sind für die Versionen mit Schubladen / Türfronten aus Eiche und Aussenstruktur aus Natureisen mit mat transparenten Ausführung.

Le misure si riferiscono alla versione con struttura in ferro spessore 3 mm.
Per calcolare la larghezza della versione con struttura esterna in legno aggiungere 1,8 cm.

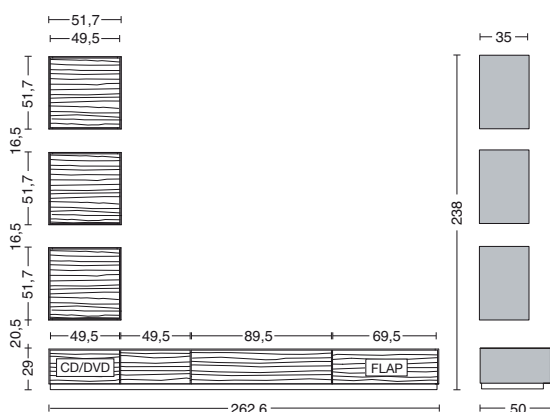

The sizes indicated refers to the version with external metal frame 3 mm. thick.
For the calculation of the external wooden frame version please add 1,8 cm.

Die angegebenen Maße beziehen sich auf die Version mit Metallstruktur in Natureisen 3 mm Stärke. Wird anstatt der Metallstruktur ein Holzkörper verwendet, so müssen 1,8 cm für den Körper zusätzlich kalkuliert werden.

NOTE INFORMATIVE PER CALCOLO PREZZO E COMPOSIZIONI LIBRERIA "FREEDOM"

La libreria **FREEDOM** è composta da moduli indipendenti in legno massello di misure cm. L. 38 x P. 38 x H. 38 e da moduli cm. L. 38 x P. 30 x H. 18,8, impilabili e accostabili tra loro attraverso specifica ferramenta di montaggio. Per il calcolo delle misure di ingombro totale della libreria considerare 3 mm. di distanza tra ogni modulo sia larghezza sia in altezza. Il piedino in metallo (regolabile in altezza) ha una misura minima di cm. 1,3. E' consigliabile utilizzare come basamento delle composizioni i moduli da 38x38x38 per avere maggiore superficie di appoggio e maggiore stabilità. Fissare la composizione a muro con l'apposita ferramenta in dotazione per composizioni con altezza superiore a 154 cm. Se invece si desidera creare composizioni iniziando con i moduli da 38x30x18,8 è necessario un fissaggio della libreria al muro per composizioni oltre 90 cm. circa di altezza. In entrambi i casi se la composizione è molto alta (oltre i 240 cm) prevedere due punti di fissaggio in altezza (uno intermedio e uno sulla sommità della composizione). In fase di ordine della prima libreria è necessario inviare un disegno di massima della composizione richiesta, indicando la quantità e tipologia di moduli. In caso di successiva modifica della composizione iniziale riferirsi alle istruzioni di montaggio allegate al prodotto. Per ulteriori richieste di ferramenta necessarie per altre configurazioni della libreria fare riferimento ai codici e prezzi indicati a Listino.

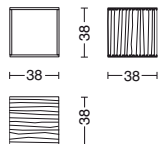

INFORMATION AND PRICE CALCULATION FOR "FREEDOM" BOOKSHELF

FREEDOM bookshelf is composed by independent wooden modules, sizes L.38 D.38 H.38 cm, and by modules of L.38 D.30 H.18,8 cm, all made of solid wood. All the modules are stackable and approachable one to the other thanks to special assembling ironmongery. For the calculation of the overall sizes of the bookshelf, please consider 3 mm between each space both in length and height. The metal foot (adjustable in height) has a minimum size of 1,3 cm. The spaces of 38x38x38 cm are recommended as base of the compositions in order to have a greater supporting surface and stability. Fixing the bookshelf to the wall thanks to the supplied ironmongery is recommended for compositions higher than 154 cm. For compositions starting from spaces of 38x30x18,8 cm, on the contrary, we recommend to fix the compositions to the wall if they are higher than 90 cm. In both cases, if the bookshelf is very high (more than 240 cm), two fixing points have to be provided (one intermediate and one on the top of the composition). In case of order, please let us have a sketch of the required composition, indicating the number and type of spaces. In case of change of the first composition, please refer to the fixing instructions that are supplied with the product. For further ironmongery requirements please refer to the codes and prices quoted in our Price List.

HINWEISUNGEN ÜBER DIE PREISBERECHNUNG UND DEN AUFBAU DES REGALES "FREEDOM"

Das Bücherregal **FREEDOM** besteht aus unabhängige Massivholzmodulen in zwei verschiedenen Maßen: einmal cm. L38 x T38 x H38 und einmal cm.L38 x T30 x H18,8; diese können gestapelt und nebeneinander gebaut werden. Die Module werden durch die entsprechenden Beschläge zusammen befestigt. Für die Berechnung der Gesamtvolumen von der gewünschten Komposition, bitte 3 mm. in beiden Breite und Höhe berücksichtigen; der in der Höhe verstellbare Metallfüßchen hat eine Mindesthöhe über 1,3 cm. Als Grundbasis für die Komposition, sollen immer die 38x38x38 Module benutzt werden; somit ist die die Grundfläche größer und dadurch wird eine höhere Stabilität garantiert. Für Kompositionen über 154 cm. hoch, wird das Bücherregal durch die entsprechenden Beschläge an die Wand befestigt. Im Fall die Komposition mit 38x38x18,8 Module startet, soll das Möbel über 90 cm. hoch an die Wand befestigt werden. Im Fall die Zusammenstellung höher als cm. 240 ist, ist eine Befestigung in zwei Punkten notwendig. (mittig und ganz oben). Bei der Bestellung des ersten Bücherregals soll eine entsprechende Skizze der gewünschte Komposition gesendet werden. Im fall eine weitere Änderung der ursprüngliche Komposition, bitte die Montageanleitungen berücksichtigen. Für weitere Anfrage über die zusätzliche Beschläge für neue Kompositionen, bitte die Artikel und Preise auf der Preisliste beachten.

NOTA INFORMATIVA PER LIBRERIA WALL STREET

Le cassettiere della libreria WALL STREET, **sono realizzate in appositi moduli indipendenti rispetto alle spalle montanti**. Le cassettiere sono infatti realizzate in strutture/contenitori in legno volte a contenere i relativi cassetti. I cassetti sono come sempre montati su binari metallici con sistema "soft closing" (o a richiesta con sistema di apertura "push-pull"). Questa procedura consente di modificare in qualsiasi momento la posizione delle cassettiere in relazione alle esigenze variabili di ogni Cliente.

I frontali dei cassetti delle librerie "Wall Street" **sono realizzati in multistrato impiallacciato** con bordi massellati. Questa modifica si è resa necessaria per evitare forti differenze di colore tra la struttura della libreria (in multistrato) e i frontali dei cassetti.

Il bordo posteriore delle spalle e dei ripiani della libreria è realizzato standard con il multistrato **"a vista"** (sia nella versione con schienale sia nella versione senza schienale).
A richiesta è possibile ordinare **le spalle e i ripiani con bordo massellato** anche sul retro calcolando un **sovrapprezzo del 5%** rispetto al prezzo a Listino della libreria.

INFORMATION REGARDING WALL STREET BOOK CASE

The chests of drawers of WALL STREET bookshelf **are realized in special spaces made independently of the side panels**.

The chests of drawers is made in wooden structures containing the drawers. The drawers will be fixed, as usual, on metal rails with a "soft closing" system (or, on request, with "push-pull" system).
This improvement will enable you to change the position of the chests of drawers anytime, according to the changeable requirements of each Customer.

The fronts of the drawers of the "Wall Street" book case **are made of veneered multilayer** with solid wood edging. This change has had to be introduced in order to avoid sharp differences in colour between the basic structure of the bookcase (in multilayer) and the drawer fronts.

The thicknesses of the side panels and the shelves at the back of the book case are produced in the standard way with multilayer "end on" (both in the version with a back and the version without).
When specifically requested, the side panels and shelves can be made with **a solid wood edging at the back, too**. In this case there will be a surcharge of 5% of the price listed from the standard version.

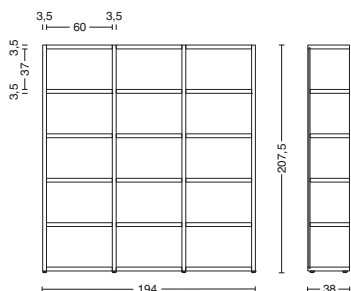

WICHTIGE HINWEISUNGEN ZU DEM MOD. WALL STREET

Die Schubkästen von WALLSTREET werden mit einem kompletten massivem Holzbox gefertigt, die dann in dass jeweilige Regalfach eingeschoben werden kann. Hierdurch entsteht der Vorteil, dass die Regalseiten nicht mehr durch Schraubenlöcher beschädigt werden und die Schubelemente vom Kunden komplett herausgenommen und in ein anderes Fach eingesetzt werden können
Die Schubkästen werden immer auf Vollauszügen mit "soft closing" Schluß montiert.
(nach Anfrage mit "push pull" Eröffnung).

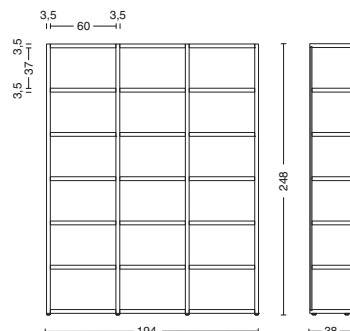

Die Schubkastenfronten bei unserem System "Wall Street" **in Multiplex** furniert mit Massivkanten produziert werden. Diese Änderung war notwendig, da es zu starken Farbabweichungen bei den Massivblenden kam und sich so die Schubelemente nicht in das Gesamtbild des Wallstreet-Systems integriert haben.

Wir mochten Sie auch informieren, dass **die rückseitigen Kanten der Fachböden, der Seiten- und Mittelwände des Bücherregals mit sichtbaren Multischicht** gefertigt werden, bei der Version mit und ohne Rückwand.
Auf Anfrage ist es möglich **die Kanten zu allen Seiten mit Massivleiste zu versehen**, hierzu ist ein **5%iger Aufschlag** auf den entsprechenden Listenpreis zu kalkulieren.

NOTA INFORMATIVA PER CASSETTI LIBRERIA "SAN PIETROBURGO".

Le cassettiere della libreria SAN PIETROBURGO, **sono realizzate in appositi moduli indipendenti rispetto alle spalle montanti**. Le cassettiere sono infatti realizzate in strutture / contenitori in legno volte a contenere i relativi cassetti. I cassetti sono come sempre montati su binari metallici con sistema "soft closing" (o a richiesta con sistema di apertura "push-pull"). Questa procedura consente di modificare in qualsiasi momento la posizione delle cassettiere in relazione alle esigenze variabili di ogni Cliente. **I frontali dei cassetti sono realizzati in multistrato impiallacciato** con bordi massellati. Questa modifica si è resa necessaria per evitare forti differenze di colore tra la struttura della libreria (in multistrato) e i frontali dei cassetti.

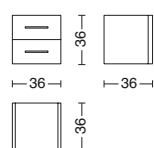

INFORMATION REGARDING DRAWERS OF "SAN PIETROBURGO" BOOKCASE

The chests of drawers of SAN PIETROBURGO **bookshelf are realized in special spaces made independently of the side panels**. The chests of drawers is made in wooden structures containing the drawers. The drawers will be fixed, as usual, on metal rails with a "soft closing" system (or, on request, with "push-pull" system). This improvement will enable you to change the position of the chests of drawers anytime, according to the changeable requirements of each Customer. The fronts of the drawers are made of veneered multilayer with solid wood edging. This change has had to be introduced in order to avoid sharp differences in colour between the basic structure of the bookcase (in multilayer) and the drawer fronts.

WICHTIGE HINWEISUNGEN ZU DEM SCHUBLADEN VON "SAN PIETROBURGO" REGALSYSTEM

Die Schubkästen von SAN PIETROBURGO werden mit einem kompletten massivem Holzbox gefertigt, die dann in dass jeweilige Regalfach eingeschoben werden kann. Hierdurch entsteht der Vorteil, dass die Regalseiten nicht mehr durch Schraubenlöcher beschädigt werden und die Schubelemente vom Kunden komplett herausgenommen und in ein anderes Fach eingesetzt werden können Die Schubkästen werden immer auf Vollauszügen mit "soft closing" Schluß montiert. (nach Anfrage mit "push pull" Eröffnung).

Die Schubkastenfronten werden in Multiplex furniert mit Massivkanten produziert. Diese Änderung war notwendig, da es zu starken Farbabweichungen bei den Massivblenden kam und sich so die Schubelemente nicht in das Gesamtbild des Regalsystems integriert haben.

NOTA INFORMATIVA PER CASSETTI LIBRERIA "BRERA".

Le cassettiere della libreria BRERA, **sono realizzate in appositi moduli indipendenti rispetto alle spalle montanti.**

Le cassettiere sono infatti realizzate in strutture / contenitori in legno volte a contenere i relativi cassetti. I cassetti sono come sempre montati su binari metallici con sistema "soft closing" (o a richiesta con sistema di apertura "push-pull") Questa procedura consente di modificare in qualsiasi momento la posizione delle cassettiere in relazione alle esigenze variabili di ogni Cliente.

I frontali dei cassetti sono realizzati in multistrato impiallacciato con bordi massellati. Questa modifica si è resa necessaria per evitare forti differenze di colore tra la struttura della libreria (in multistrato) e i frontali dei cassetti.

INFORMATION REGARDING DRAWERS OF "BRERA" BOOKCASE

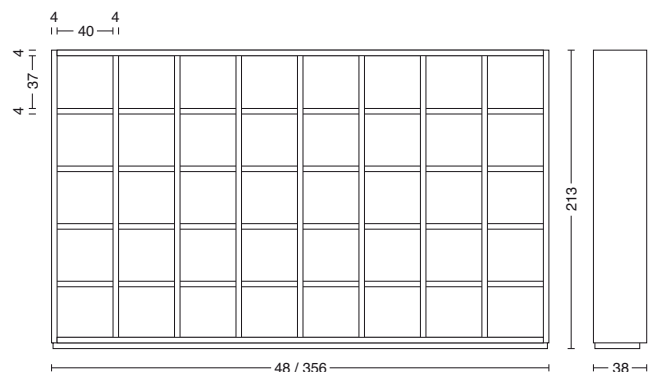

The chests of drawers of BRERA **bookshelf are realized in special spaces made independently of the side panels.** The chests of drawers is made in wooden structures containing the drawers. The drawers will be fixed, as usual, on metal rails with a "soft closing" system (or, on request, with "push-pull" system). This improvement will enable you to change the position of the chests of drawers anytime, according to the changeable requirements of each Customer. **The fronts of the drawers are made of veneered multilayer** with solid wood edging. This change has had to be introduced in order to avoid sharp differences in colour between the basic structure of the bookcase (in multilayer) and the drawer fronts.

WICHTIGE HINWEISUNGEN ZU DEM SCHUBLADEN VON „BRERA“ REGALSYSTEM:

Die Schubkästen von BRERA werden mit einem kompletten massivem Holzbox gefertigt, die dann in dass jeweilige Regalfach eingeschoben werden kann. Hierdurch entsteht der Vorteil, dass die Regalseiten nicht mehr durch Schraubenlöcher beschädigt werden und die Schubelemente vom Kunden komplett herausgenommen und in ein anderes Fach eingesetzt werden können Die Schubkästen werden immer auf Vollauszügen mit "soft closing" Schluß montiert. (nach Anfrage mit "push pull" Eröffnung).

Die Schubkastenfronten werden in Multiplex furniert mit Massivkanten produziert. Diese Änderung war notwendig, da es zu starken Farbabweichungen bei den Massivblenden kam und sich so die Schubelemente nicht in das Gesamtbild des Regalsystems integriert haben.

INFORMAZIONI PER LIBRERIE "STUDIO PIANO DESIGN"

Spessore mensola libreria: 5 cm.
Altezze standard tra i vari ripiani: cm. 27, 37, 45 cm.
Altezza piedino regolabile a pavimento: 4 cm.
Profondità minima richiesta senza fissaggio a muro: cm. 35
Distanza massima del vano tra due file di aste portanti: cm. 148
Distanza minima del vano tra due file di aste portanti: cm. 30
Altezza minima asta portante: cm. 20
Altezza massima asta portante: cm. 110 (fissaggio libreria a muro)

Sistema componibile su misura. Struttura in acciaio inossidabile satinato. Mensole in listellare impiallacciato e bordato da liste in legno massello. Attrezzabile anche con moduli ad ante o cassetti.
Il mobile prende forma dai piedini regolabili in altezza, essenziali per far aderire correttamente vari elementi al pavimento.
L'assemblaggio prosegue dal basso verso l'alto posizionando i vari ripiani sulle aste d'acciaio di sostegno negli appositi fori, fino a ultimare la composizione.

INFORMATION FOR "STUDIO PIANO DESIGN" BOOKSHELF

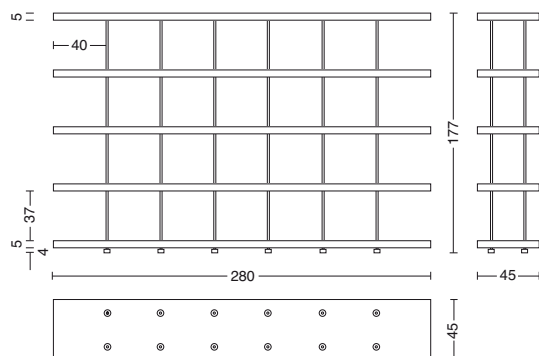

Thickness of the shelf: 5 cm.
Standard heights between shelves: 27, 37, 45 cm.
Dimension of adjustable feet: 4 cm.
Min. shelf depth requested for without fixing the bookshelf at the wall: 35 cm.
Max. width of free space between steel structures: cm. 148
Min. width of space between steel structures: cm. 30
Min. height of steel structures: cm. 20
Max. height of steel structure: cm. 110 (fixing of the bookshelf required)

Custom modular system. Brushed stainless steel structure.
Shelf in veneered multiply, edged with solid wood.
Can be fitted out with doors or drawers.
The assembly of the bookshelf starts from the adjustable feet, essential in creating a stable and level piece.
From the feet at the base it continues upwards combining with the positioning of the shelves on stainless steel supports to obtain the final form.

INFORMATIONEN ZUM REGAL "STUDIO PIANO DESIGN"

Bodenstärke: 5 cm.
Standarddistanzen zwischen den Böden: 27, 37, 45 cm.
Höhe der verstellbaren Füßen: 4 cm.
Min. Tiefe auf Anfrage ohne Wandbefestigung: 35 cm.
Max. Abstand zwischen den Trägerstangen: 148 cm.
Min. Abstand zwischen den Trägerstangen: cm. 30
Min. Höhe von Trägerstangen: cm. 20
Max. Höhe von Trägerstangen: cm. 110 (Wandbefestigung notwendig)

Maßgerechtes Anbausystem.
Struktur aus satiniertem rostfreiem Stahl. Regalböden aus furniertem Vielschichtholz und Kantenprofile aus massivem Holz. Kann auch mit Tür- oder Schubelementen ausgestattet werden. Der Zusammenbau des Regalsystems fängt mit der Nivellierung der Füße an. Dann geht die Montage von unten bis oben weiter: die Regale werden in dem jeweiligen Bohrungen durch die Trägerstangen aus Edelstahl montiert.

TRUST - CABINA ARMADIO	TRUST	RIVA 1920	7-8
COMPONENTI ARMADI WARDROBES COMPONENTS SCHRÄNKE BESTANDTEILE		RIVA 1920	9-15

NOTE TECNICHE PER ARMADI

IMPORTANTE: Ogni vano deve essere necessariamente provvisto di un ripiano fisso in listellare. Non è indispensabile tuttavia quando nel vano è posizionata la cassettera. La cassettera dell'armadio è prodotta di serie SENZA rivestimento in cuoio per i cassetti. A richiesta, con top e fondo dei cassetti rivestiti in cuoio:
- maggiorazione di Euro 100 per ogni cassetto (cassettera vano doppio L. cm. 100)
- maggiorazione di Euro 70 per ogni cassetto (cassettera vano singolo L. cm. 48,5)

ARMADI della Collezione NATURA in multistrato impiallacciato CILIEGIO o ACERO: mantenere il prezzo della versione essenza ROVERE.

L'INTERNO degli ARMADI Collezione NATURA è realizzato standard in legno di cedro profumato.

A richiesta è possibile avere l'interno dell'armadio nella stessa essenza dell'ESTERNO dell'armadio allo stesso prezzo rispetto alla versione standard.

ARTICOLI IN ESSENZA ROVERE SPAZZOLATO, SBIANCATO E CERATO: applicare una maggiorazione del 10% rispetto all'essenza rovere.

ARTICOLI IN ESSENZA TEAK e WENGÉ: per i prezzi in essenza TEAK e WENGÉ è consigliabile contattare l'Azienda per quotazioni personalizzate.

CASSETTI: le cassette degli armadi, salvo indicazione specifica, sono realizzati di serie con il tradizionale scorrimento "a scatola" legno su legno senza alcun tipo di binario. A richiesta è possibile ordinare il cassetto scorrevole su BINARI METALLICI BLUEMOTION ad estrazione totale, con fermo di sicurezza a fine corsa.

Per calcolare il prezzo del mobile CON CASSETTI montati SU BINARI METALLICI "BLUEMOTION" aggiungere il seguente importo per ogni cassetto: **coppia di binari per cassetto profondità cm. 55 - 70: Euro 105,00**

Importante: l'altezza interna di un cassetto con binario metallico, rispetto al frontale esterno, è inferiore di 4 centimetri.

Versione con zoccolo: per alcuni modelli di armadi della Collezione RIVA 1920 proposti standard con il piedino e possibile avere anche la versione con ZOCCOLO in LEGNO. Per questa modifica considerare +8% rispetto al prezzo di Listino esposto.

Top mobili con altezza superiore a cm. 190: i top superiori di mobili, credenze, vetrine, armadi con altezza uguale o superiore a cm. 190 sono costituiti da una cornice in legno massello.

ALTEZZA SPECIALE ARMADI (solo per modelli FOUR SEASONS, HANGAR, HANGAR LIGHT, TRUST):

- fino a cm. 240: maggiorazione del 15% rispetto al prezzo indicato a Listino.

- da cm. 241 a cm. 260: maggiorazione del 25% rispetto al prezzo indicato a Listino.

ADDITIONAL NOTE FOR WARDROBES

IMPORTANT: each single space of the wardrobe must be equipped with a veneered unit shelf. This shelf is anyway no more necessary if the space is provided with the chest of drawers. The chest of drawers is normally produced WITHOUT natural leather for the bottom of the drawers.

On request, bottoms of the drawers covered with natural leather, are available:

- surcharge of Euro 100 for each drawer (for chest of drawers L. cm. 100)

- surcharge of Euro 70 for each drawer (for chest of drawers L. cm. 48,5)

WARDROBES of "NATURA COLLECTION" CHERRY or MAPLE veneered: keep the same price as for OAK version.

The internal equipments and fitting of NATURA COLLECTION wardrobes is standard realized in cedar wood.

On request the internal fitting of the wardrobes is available in the same finish of the wardrobe at the same price.

ARTICLES IN BRUSHED-WHITE OAK VERSION, WAXED: apply a surcharge of 10% to the prices indicated in the List for "oak".

ARTICLES IN TEAKWOOD and WENGÉ: for the prices of TEAK and WENGÉ versions, please contact RIVA 1920 asking for an individual quotation.

Drawers: unless specifically indicated, chest of drawers in the RIVA 1920 wardrobes Collection are all made using the traditional "box" system with no guide-rail.

If requested, a BLUEMOTION METAL RAIL full-pull-out sliding drawer with safety-stop can be ordered. The price of furniture incorporating DRAWERS ON METAL RAILS can be calculated by adding the following sums for each drawer: **Couple of rails for a drawer with a depth from 55 to 70 cm.: Euro 105,00**

Important: the internal height of a drawer equipped with metal rail is reduced of 4 cm., compared with the external drawers front.

Items with plinth: some items in the RIVA 1920 Collection already offered in the standard version, with feet, can also be supplied in a version with a WOODEN PLINTH.

The price of these versions will be 8% higher than that given in the price list.

Top surfaces higher than 190 cm: top surfaces of furniture, dressers, display units, cupboards and wardrobes with a height of 190cm or more all have a solid wood edge.

WARDROBE IN SPECIAL HEIGHT (only for FOUR SEASONS, HANGAR, HANGAR LIGHT, TRUST models):

- till cm. 240: surcharge of 15% to the prices indicated in the List.

- from cm. 241 to cm. 260: surcharge of 25% to the prices indicated in the List.

ERGÄNZUNG UND TECHNISCHE ANGABE FÜR SCHRÄNKEN

WICHTIG: Jeder Raum muss einem Konstruktionsboden ausgestattet sein. Dieser Boden ist jedoch nicht mehr notwendig, wenn der Raum mit der Schubkastenkommode ausgerüstet wird. Die Böden der Schubkastenkommode sind serienmäßig OHNE Naturleder verkleidet. Auf Anfrage sind die Böden der Schubladen mit Naturleder erhältlich:

- Aufpreis von Euro 100 pro Schub. (für Schubkasten Breit cm. 100)

- Aufpreis von Euro 70 pro Schub. (für Schubkasten Breit cm. 48,5)

Furnierte Schränke der NATURA-Kollektion können zum Preis der Ausführung Eiche, auch in Kirschbaum oder Ahorn gefertigt werden.

Die Innenausstattung von NATURA Schränke sind serienmäßig aus Zedernholz gefertigt.

Auf Anfrage ist die Innenausstattung von NATURA Schränke auch in Eiche, Nussbaum, Kirche und Ahorn zum gleichen Preis erhältlich.

ARTIKEL IN EICHE GEBÜSTET GEWEISST UND GEWACHST: Aufpreis von 10% auf dem Preis der Ausführung "Eiche".

ARTIKEL aus TEAK oder WENGÉ: für Preise von Teakholz oder Wenge, bitte an die RIVA - Verkaufsabteilung wenden.

Schubladen: Standard: Schubkasten der Schränke laufen Holz auf Holz. Auf Wunsch sind Schubladen mit BLUEMOTION - Vollauszügen inkl. Sicherheitsstop möglich, hierfür folgenden Mehrpreis pro Schub berücksichtigen: **Schiennenpaar für Schubkastentiefe von 55 - 70 cm: Mehrpreis Euro 105,00 VK.**

Wichtig: Bei Verwendung von Vollauszügen verringert sich Innenhöhe der Schubkasten um 4 cm. Die Front der Schubladenkasten bleibt hiervon unberücksichtigt.

Variante mit Sockel: Einige Modelle der Kollektion RIVA 1920 sind, anstelle der standardmäßigen Füße, mit Holzsockel erhältlich: Aufpreis 8%.

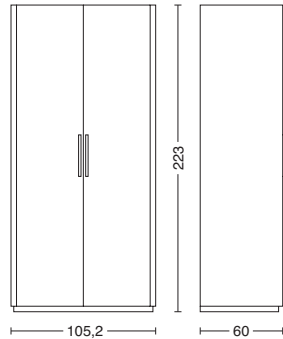

Abdeckplatten für Möbel mit einer Höhe ab 190 cm: Abdeckplatten für Möbel mit einer Höhe ab 190 Cm. sind mit einem Kranzprofil ausgestattet.

SCHRÄNKE IN SONDERHÖHE (nur für Modelle FOUR SEASONS, HANGAR, HANGAR LIGHT, TRUST):

- Bis H. cm. 240: Aufpreis von 15% auf dem Preise in der Preisliste.

Esempio per calcolo prezzo di una cabina armadio.
Walk-in closet price calculation example.
Beispiel mit Preiskalkulation einem Wandschrank.

Per il calcolo di altre composizioni sommare il costo dei singoli moduli.
Misura massima larghezza del vano: cm. 150
Per il calcolo del prezzo di moduli su misura,
considerare la fascia di prezzo del modulo di misura superiore.

For a price calculation of other compositions please
add the costs of each single wardrobe module.
Maximum width of each wardrobe space: cm. 150
For the modules in special execution please consider the price related
of the following wardrobe wardrobe module.

Für die Kalkulation der Preis von anderen Schrankkompositionen,
bitte die Preise von jedem einzelnen Modul berücksichtigen.
Maximale Breite der Schrankmodule: cm. 150.
Für die Preiskalkulation der Modulen in Sondermaß bitte den Preis
von den nächster Größe Schrankmodulen berücksichtigen.

NOTA INFORMATIVA PER LETTI e COMPLEMENTI

I letti della Collezione RIVA 1920, se non diversamente specificato nel riquadro del singolo articolo, sono realizzati in legno massello.

I prezzi indicati, se non diversamente specificato nel riquadro del singolo articolo, si riferiscono alle essenze CILIEGIO - ACERO e ROVERE - NOCE senza nodi.

Per calcolare il prezzo nella versione **ROVERE e NOCE con NODI** applicare una **riduzione del 5%** dai prezzi indicati a Listino delle rispettive essenze.

I letti, comodini e cassettiere della Collezione NATURA sono proposti standard già nelle versioni ROVERE e NOCE con NODI.

Gli articoli della Collezione NATURA possono essere richiesti anche in essenza NOCE o ROVERE SENZA NODI (così come in CILIEGIO e ACERO):

per questa modifica calcolare un supplemento del 12% dal prezzo di Listino.

Tutti i letti, **salvo i letti della Collezione NATURA**, sono forniti con rete a liste di legno massello dotate di un sistema per regolare l'altezza del piano rete in 5 diverse posizioni.

Tutti i modelli, ove possibile, sono disponibili anche senza rete e senza pediera.

• **Differenza per letto senza rete: - 5%. (comprensivo di tre listoni trasversali regolabili in altezza).**

• **Differenza per letto senza pediera: - 5%.**

• **Differenza per letto senza testata: - 10%.**

MODIFICHE PER ALTEZZA LETTO: per modifiche altezza piedino (o fascia) e modifiche altezza fasce laterali, fino a un massimo di +/- 5 cm.: + 10%.

(condizione non valida per letti mod. Milano e Piano Design).

Variazioni alle misure dei letti rispetto alle misure indicate a Listino devono essere segnalate al momento dell'ordine. Le fasce laterali dei letti sono disponibili in diverse altezze.

Le misure desiderate devono essere necessariamente segnalate in fase di richiesta di preventivo e di ordine.

ARTICOLI IN ESSENZA ROVERE SPAZZOLATO, SBIANCATO E CERATO: applicare una maggiorazione del 10% rispetto alla essenza rovere.

ARTICOLI IN ESSENZA TEAK e WENGÉ: per i prezzi in essenza TEAK e WENGÉ è consigliabile contattare l'Azienda per quotazioni personalizzate.

IMPORTANT NOTES FOR BEDS and COMPLEMENTS

Beds in RIVA 1920 Collection, unless otherwise specified in the box relating to that article, are made in solid wood.

The prices indicated, unless otherwise specified in the box relating to that article, refer to CHERRY - MAPLE and OAK - WALNUT without knots.

To calculate the price of **OAK and WALNUT with KNOTS**, apply a **reduction of 5%** to the prices indicated in the List for each type of wood.

Beds, Night-tables and chest of drawers of NATURA Collection are as standard in the OAK and WALNUT versions with KNOTS.

Articles of NATURA Collection can be also requested in WALNUT or OAK finish WITHOUT KNOTS (as well as in CHERRYWOOD or MAPLE):

for this modification please calculate a surcharge of 12%.

All beds, **except the beds of NATURA Collection**, are delivered with wooden net and they are provided with an adjustable system that allows to level the height of the slats in 5 different positions.

All models, where possible, are also available without foot-piece or without wooden slats.

• **Difference of bed without wooden slats: - 5%. (delivered with 3 cross-bands to level the further net).**

• **Difference of the bed without foot-piece: - 5%.**

• **Difference of the bed without headboard: - 10%.**

CHANGES OF BED HEIGHT: to change the height of foot (or side) and the height of bed side, up to a maximum of +/- 5 cm.: + 10%.

(this condition is not valid for beds mod. Milano and Piano Design).

Bedsides are available in different heights. The special sizes requested must be specified on the order form.

ARTICLES IN BRUSHED-WHITE OAK, WAXED VERSION: apply a surcharge of 10% to the prices indicated in the List for "oak".

ARTICLES IN TEAKWOOD and WENGÉ: for the prices of TEAK and WENGÉ versions, please contact RIVA 1920 asking for an individual quotation.

HINWEISE ZU DEN BETTEN und NACHTTISCHEN

Wenn nicht anders angegeben, werden die RIVA 1920 Betten aus Massivholz gefertigt.

Wenn nicht anders angegeben, beziehen sich die Preise auf die Ausführung KIRSCHBAUM, AHORN EICHE UND NUSSBAUM ohne Knoten (Äste)

Um den Preis für die Ausführungen **EICHE und NUSSBAUM mit KNOTEN** zu kalkulieren, sind die in der Preisliste enthaltenen Preise der entsprechenden Ausführungen um **5% zu reduzieren**.

Betten und Nachttischen aus der NATURA-Kollektion sind Standard in Eiche oder Nussbaum mit Knoten vorgesehen.

Mit einem Aufpreis von 12% können genannte Artikel in Nussbaum und Eiche OHNE KNOTEN, sowie in Kirschbaum und Ahorn erworben werden.

Betten von NATURA Kollektion sind Standard OHNE Lattenrost geliefert.

Falls nicht anders vermerkt, umfassen die Betten, entsprechend dem deutschen Bettensystem, einen 5fach höhenverstellbaren Lattenrost aus Massivholz.

Die Meisten Modelle sind auch ohne Rost oder Fußteil lieferbar.

• **Minderpreis für Betten ohne Lattenrost: - 5%. (inkl. drei höhenverstellbare Querlatten).**

• **Minderpreis für Betten ohne Fußteil: - 5%.**

• **Preisunterschied für Bett ohne Kopfteil: -10%**

PREISUNTERSCHIED FÜR ÄNDERUNG DER BETTHÖHE: für die Änderung der Füßen (oder Sockel) und für die Änderungen der Bettseiten bis max. 5 cm.: +10% (das gilt nicht für die Betten MILANO und PIANO DESIGN).

Die Bettseiten sind in verschiedenen Höhen lieferbar. Das gewünschte Maß muss unbedingt auf der Bestellung vermerkt werden.

PREISKALKULATION FÜR ARTIKEL IN EICHE GEBÜRSTET UND GEWEISST (oder in andere Farbtöne): Aufpreis von 10% auf dem Preis der Ausführung "Eiche".

FÜR ARTIKEL aus TEAK oder WENGÉ: für Preise von Teakholz oder Wenge, bitte an die RIVA - Verkaufsabteilung wenden.

Il top del tavolo è realizzato da più tavole accostate in relazione alla larghezza di ogni singola tavola e delle dimensioni del top richiesto. La posizione delle gambe è suscettibile di cambiamenti di posizione a seconda delle caratteristiche delle singole tavole e del top.

The tabletop is composed by more boards depending on the width of each single board and width of the top. The position of the legs may change according to the characteristics of each single board of the tabletop.

Die Tischplatte ist aus mehrere Planken gefertigt in Verhältnis der Breite der einzelnen Planken sowie die Tischplatte. Die Position der Beine kann Veränderung haben, abhängig von der Eigenschaft der einzelnen Planken.

SET MANUTENZIONE - MAINTENANCE SET - PFLEGESET

Ogni prodotto della Collezione RIVA 1920 viene corredato da un set manutenzione.
Per riordini il costo è di **Euro 25,00**.

Each piece of the RIVA 1920 Collection is delivered with a maintenance set.
For additional orders consider the Price of **Euro 25,00**.

Alle Artikeln der RIVA 1920 Kollektion werden mit einem Pflegeset ausgeliefert.
Für Nachbestellungen ist der Preis **Euro 25,00**.

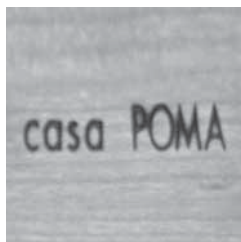

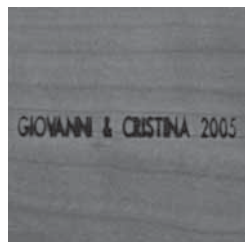

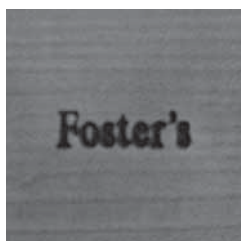

TIMBRO A FUOCO CLIENTE
CUSTOMER BRAND MARK
EINBRENNSTEMPEL MIT KUNDENNAMEN

A richiesta, per i Clienti che acquisteranno prodotti della Collezione RIVA 1920 per un valore minimo di Euro 5.000 sarà realizzato un timbro per imprimere a fuoco il proprio Nome (o il nome della propria Famiglia) o logo all'interno dei mobili ordinati. A richiesta, anche per acquisti di valore inferiore, il costo del timbro è di Euro 150,00. A conferma dell'unicità del mobile realizzato anche il timbro metallico sarà inviato al Cliente.

On request, Customers who purchase RIVA 1920 products with a minimum value of 5,000 Euro will have made for them a "brand" with which to burn one's name or (one's family's name) or Logo onto the inside of the items ordered. The same service is available to those making purchases of lower value, but in this case there will be a charge of 150.00 Euro. As a confirmation of the uniqueness of the item created, the metal stamp will also be delivered to the Customer.

Auf Anfrage wird für den Kunden bei einer Mindestabnahme über 5.000,00 Euro ein Stempel realisiert, um den eigenen Namen (oder den der eigenen Familie) oder Logo innerhalb der bestellten Möbel einzubrennen. Auf Wunsch kann man ihn auch bei einer niedrigeren Kaufsumme mit einem Kostenanteil von 150,00 Euro erhalten. Zur Bestätigung der Einzigkeit des realisierten Möbels wird dem Kunden auch der Metallstempel übergeben.

CONDIZIONI GENERALI DI VENDITA

Il presente listino annulla e sostituisce tutti i precedenti

1. CONDIZIONI DI VENDITA

I prezzi del presente listino non sono comprensivi di I.V.A.

Tutte le nostre forniture vengono eseguite sempre ed esclusivamente in base alle seguenti condizioni che vengono accettate con la trasmissione dell'ordine, il ritorno o ogni altra forma anche tacita, di accettazione della conferma d'ordine.

Riteniamo comunque valido e concluso il contratto se non ci giungono obiezioni entro **3 giorni** dopo la consegna della conferma d'ordine. Il primo riconoscimento delle nostre condizioni generali impegna l'acquirente anche per tutte le consegne e vendite future. Patti diversi, condizioni contrarie o accordi aggiuntivi sono validi solamente mediante nostra conferma scritta.

2. ORDINI

Per gli ordini trasmessi il committente riceverà una conferma d'ordine scritta. Non si accettano variazioni o cancellazioni d'ordine trascorsi **3 giorni** dalla data della conferma. L'azienda si riserva la facoltà di apportare modifiche strutturali ai modelli in costruzione senza obbligo di alcun preavviso. L'acquirente che compra non prodotti della nostra ordinaria collezione è tenuto a fornirci dati dettagliati e a sottoscrivere il disegno da noi inviato per approvazione, condizione quest'ultima indispensabile per poter rendere esecutivo l'ordine.

3. CONSEGNA

Le condizioni di resa merce sono specificate sulla conferma d'ordine. Ordini con valore netto inferiore a Euro **800,00** saranno spediti con addebito **costi di trasporto di Euro 100,00** in Fattura. I termini di consegna sono indicativi e non potranno costituire elemento per risarcimento danni. La venditrice non è tenuta a corrispondere quindi alcuna indennità per eventuali danni sia diretti che indiretti dovuti a ritardi di consegna o a risoluzione parziale o totale della fornitura.

4. CONTESTAZIONI - RECLAMI

I reclami derivanti **dai danni di trasporto** dovranno essere comunicati per iscritto al Corriere e all'Azienda entro i termini di legge ovvero **entro 7 giorni dalla data di consegna della merce**.

L'acquirente è tenuto a verificare la merce ricevuta prima della consegna al Cliente finale.

L'acquirente è obbligato ad eccepire immediatamente difetti della fornitura nonché la mancanza della qualità promessa che era stata assicurata. La contestazione deve essere comunicata in forma scritta e documentata con foto, indicando la natura e l'entità del difetto. Non saranno ritenute valide le contestazioni pervenute alla venditrice dopo 14 giorni dal ricevimento della merce o dalla scoperta nel caso di difetto occulto.

Il termine di garanzia è di 6 mesi per riparazioni, 12 mesi per sostituzioni.

Il diritto alla garanzia non sussiste rispetto a quei danni causati da utilizzazione e montaggio impropri oppure da azioni simili dell'acquirente o di un terzo.

Le diversità di colorazione delle parti del mobile non sono contestabili poiché sono da ritenersi una caratteristica naturale del legno. Non sono in generale contestabili differenze di qualità dovute alla natura della materia.

I campioni dei materiali non sono vincolanti per le consegne.

Le misure dei prodotti indicate nel presente Listino possono essere suscettibili di una tolleranza di cm. 0,5 (ovvero dello 0,5 - 1% rispetto alla dimensione indicata).

L'Azienda si riserva in qualunque momento di apportare senza preavviso modifiche a prodotti e accessori.

5. RESI DI MERCE

Qualsiasi reso di merce viene accettato solo se preventivamente autorizzato per iscritto dalla Direzione Commerciale dell'Azienda e deve essere accompagnato da regolare documento di trasporto comprendente gli estremi dei documenti di acquisto - fattura/ numero ordine. I resi dovranno essere opportunamente imballati.

6. PAGAMENTO

Il luogo di adempimento per i pagamenti è la nostra sede. Pagamenti ad agenti o terzi sono validi nei nostri confronti solo dietro presentazione di una delega scritta per l'incasso di ogni singolo caso. In caso di ritardato pagamento verranno addebitati gli interessi legali di mora. Detti interessi decorreranno dal giorno successivo alla scadenza. Fino a completo pagamento degli importi fatturati scaduti, l'azienda non è obbligata a rispettare i termini di consegna per la merce ordinata. La relazione tra obbligo e diritto deve essere comunque adeguata e proporzionale. Riva SpA ha la facoltà di sospendere le forniture quando le condizioni economiche dell'acquirente risultassero tali da porre in evidente pericolo il conseguimento del pagamento.

7. PATTO DI RISERVATO DOMINIO

I beni ceduti con la Conferma d'Ordine (o Fattura) si intendono soggetti al vincolo del "patto di riservato dominio". L'acquirente acquisterà la proprietà del bene solo dopo il completo pagamento del prezzo totale quale saldo dell'acquisto.

Contemporaneamente, con l'accettazione del "patto di riservato dominio", il venditore si impegna a cedere alla RIVA INDUSTRIA MOBILI Spa il credito derivante dalla successiva cessione al Cliente finale dei beni di cui alla presente Conferma d'Ordine / Fattura.

L'acquirente deve informare espressamente l'Azienda venditrice qualora questo "patto di riservato dominio" non sia valido secondo il diritto vigente presso la sede dell'acquirente. In tal caso l'Acquirente è tenuto ad offrire all'Azienda venditrice una garanzia equivalente e la Venditrice potrà esigere il pagamento anticipato o l'apertura di una Lettera di Credito.

8. VARIAZIONI DI RAGIONE SOCIALE

Variazioni concernenti la ragione sociale o la partiva I.V.A. dell'acquirente dovranno essere comunicate tempestivamente in forma scritta all'azienda venditrice.

9. FORO COMPETENTE

Per ogni controversia è competente il Foro di Como.

GENERAL CONDITIONS OF SALE

The current Pricelist annuls and replaces all previous Lists

1. CONDITIONS OF SALE

All goods supplied by us are supplied exclusively on the basis of the following conditions which shall be deemed as accepted by the purchaser on transmission of acceptance of the order, the return of the said order or any other form of acknowledgement including tacit acceptance. The contract shall be deemed to be valid and in force in any event if no query is raised within **3 days** following delivery of confirmation of the order. Acceptance of our general conditions of sale is a precondition of all deliveries and future sales. Any other agreement, variations in conditions or additional agreements shall only be deemed valid if confirmed by RIVA Industria Mobili in writing.

2. ORDERS

The purchaser will receive written confirmation of orders and no variations or cancellations will be accepted after **3 days** from the date of the said confirmation. The company reserves the right to make structural modifications to the models under construction with no obligation to advise or consult the purchaser. A purchaser buying products other than those comprising our usual collections is responsible for providing detailed information and for counter-signing the design provided by Riva for approval. In the absence of fulfilment of this latter condition the order shall not be worked by RIVA Industria Mobili.

3. DELIVERY

Transport conditions are specified in our order confirmation. For orders of a net amount of less than Euro 800,00 the vendor will make a minimum transport charge of Euro 100,00 to be added to invoice. Delivery terms are indicative and the vendor shall not be held responsible for direct or indirect damages in the event of delays in delivery whether for whole or part orders.

4. CLAIMS AND COMPLAINTS

Claims resulting from **damage during transport** shall be communicated in writing to the Courier and to the Company **within 7 days from the date of delivery of the goods.**

The buyer is required to check the goods received before delivery to the final customer.

The buyer must raise objection immediately to any defects in the goods supplied and likewise any failure to meet assured standards of quality. The complaint must be communicated in written form and supported by photographic evidence showing the nature of the defect. Complaints received by the seller after 14 days from the delivery of the goods or from the discovery of a defect where this is concealed will not be deemed valid.

The guarantee period for repairs is 6 months with 12 months the guarantee period in the case of replacements.

There will be no right to a guarantee regarding damage caused by improper use or assembly or by similar action by the buyer or a third party.

Variations in colour in the furniture shall not be deemed to be an acceptable basis for complaint as such variation depends on the natural colour of the material.

Sample materials supplied may vary from goods supplied.

Dimensions of the products indicated in the price list may vary by a tolerance of 0,5 cm.

(or 0,5 – 1% of the measurements shown).

The Manufacturer reserves the right to modify products and accessories at any time without prior notice.

5. RETURN OF GOODS

Any return of goods will be accepted only if authorised in writing by RIVA Industria Mobili and items must be accompanied by valid pro-forma invoice indicating all purchase details including invoice number, order confirmation number and all other pertinent details. Returned goods must be adequately packed.

6. PAYMENTS

Seat of the payment is the one of the company. Payments to agents or third people are valid only with a written delegation from the company. In case of delayed payments overdue interests will be charged. These interests will be calculated from the day following the due date. The company is not obliged to respect the indicate delivery date in case of unpaid invoices.

The company reserves the right to suspend supplies whenever the economic conditions of the purchaser result such as to endanger the future payments.

7. CONDITION OF TITLE OF OWNERSHIP

All sales are subject to Reservation of Title as defined by Italian Law: Art.1523* and the purchaser shall be deemed to have satisfied himself as to the definition of this law for the purposes of any agreement between the purchaser and Riva.

*** For reference purposes only we set out a non-official translation of the essence of Art 1523:**

“The purchaser shall be deemed to have title to the goods only when full and final payment of the total price has been effected.”

At the same time, by accepting the “Reservation of Title”, the seller agrees to render to RIVA INDUSTRIA MOBILI Spa the credit deriving from the later rendering to the final customer the goods of which this is the Confirmation of Order / Invoice.

If the law prevailing where the buyer has his head office does not recognise this “Reservation of Title” agreement, he or she must expressly inform the selling Company of this fact. In this case the buyer is obliged to offer the selling Company an equivalent guarantee and the Seller will be able to demand an advanced payment or the opening of a Letter of Credit.

8. VARIATION OF TRADE NAME

Any change in the trade name or to the V.A.T. number of the purchaser must be immediately communicated in writing to Riva.

9. COMPETENT AUTHORITY

In the event of dispute the matter will be referred to the County Court of Como (Italy).

ALLGEMEINE VERKAUFSBEDINGUNGEN

Mit Bekanntgabe dieser Preisliste verlieren die alten Preise ihre Gültigkeit

1. VERKAUFSBEDINGUNGEN

Alle Lieferungen erfolgen nur unter nachstehenden Bedingungen, die durch die Zusendung der Auftragsbestätigung akzeptiert werden. Wir sehen den Vertrag als abgeschlossen an, sollten wir kein Widerspruch innerhalb von **3 Tagen** nach Versand der Auftragsbestätigung erhalten. Die erstmalige Anerkennung dieser allgemeinen Bedingungen sind für alle weitere und zukünftige Lieferungen verbindlich. Abweichende Vereinbarungen bedürfen zu ihrer Wirksamkeit der Schriftform.

2. AUFTRÄGE

Für die eingegangenen Aufträge wird eine schriftliche Bestätigung gesendet. Eventuelle Änderungen eines Auftrages können nur innerhalb **3 Tagen** nach Versand der Auftragsbestätigung akzeptiert werden. Die Firma behält sich das Recht vor, technisch die Produkte zu ändern, ohne dass es eine besondere Information bedarf. Voraussetzung für Sonderanfertigungen: der Käufer ist verpflichtet uns detaillierte Angaben zukommen zu lassen und die von uns gefertigten technischen Skizzen gegenzuzeichnen. Die vom Käufer unterschriebene Zeichnung wird Vertragsbestandteil.

3. LIEFERUNG

Für Aufträge mit einem Nettowert unter **Euro 800,00** berechnen wir in der Rechnung **Euro 100,00 als Frachtkostenzuschlag**. Die in der Auftragsbestätigung angegebenen Liefertermine sind unverbindlich. Der Besteller kann hieraus keine Schadenersatzansprüche herleiten. Wir können für Lieferverzögerung nicht verantwortlich gemacht werden.

4. BEANSTANDUNGEN

Eventuelle Beanstandungen, die auf Liefer- oder **Transportbeschädigung** zurückzuführen sind, müssen auf dem Lieferschein vermerkt werden und **innerhalb den gesetzlichen 7 Tagen nach Erhalt** dem Transportunternehmer gemeldet werden.

Der Käufer ist dazu angehalten die Ware zu kontrollieren vor der Auslieferung an den Endkunden.

Der Besteller ist verpflichtet, Mängel der Lieferung sowie das Fehlen zugesicherter Eigenschaften unverzüglich anzuzeigen. Die Mängelanzeige muss schriftlich unter Angabe der Art und des Umfanges des Mangels erfolgen.

Eine Mängelrüge bleibt unberücksichtigt, wenn sie später als 14 Tage nach Empfang der Ware oder im Falle versteckter Mängel nach deren Entdeckung dem Verkäufer zugeben.

Die Gewährleistungsfrist beträgt für Nachbesserungen 6 Monate, für Ersatzlieferungen 12 Monate.

Der Gewährleistungsanspruch besteht nicht hinsichtlich solcher Schäden, die durch unsachgemäße Verwendung, Montage oder ähnliche Handlungen des Bestellers oder Dritten entstehen.

Die verschiedenen Farbnuancen, die in einem Massivholz-, Vollholz- oder furnierten Möbel auftreten können, sind ein Echtheitsmerkmal und auf die natürliche Beschaffenheit des verarbeiteten Holzes zurückzuführen.

Abweichungen in Holzstruktur und Farbe gegenüber dem Ausstellungsstück und den Mustern bleiben vorbehalten, soweit diese in der Natur der verwendeten Materialien liegen.

Alle von RIVA zur Verfügung gestellten Holzmuster oder eventuell in den Ausstellungen unserer Handelspartner stehende Musterstücke sind unverbindlich im Bezug auf Maserung und Farbe.

Maße der Produkte können Produktionsbedingt geändert werden (von ca. 0,5 cm.) oder Abweichungen haben.

Der Hersteller behält sich das Recht vor, jederzeit Änderungen an seinen Produkten und Zubehöerteilen ohne Vorbescheid vorzunehmen.

5. WARENRÜCKSENDUNG

Warenrücksendung wird erst akzeptiert, wenn sie von der Geschäftsleitung der Firma RIVA Industria Mobili genehmigt wird.

Die Ware muss mit Proforma Rechnung/ Lieferschein zurückkommen, in der Auftragsdaten- Rechnung und AB Nummer angegeben sind. Alle retournierte Ware muss angemessen verpackt werden.

6. ZAHLUNGEN

Zahlungserfüllung ist der Sitz der Firma RIVA Industria Mobili Spa. Zahlungen an Vertreter oder an dritte sind nur mit Inkassovollmacht gültig. Bei späteren Zahlungen werden wir die laufenden Verzugszinsen berechnen. Diese Zinsen werden ab der Fälligkeitstag kalkuliert. Bei Zahlungsverzögerungen ist die Firma RIVA Industria Mobili nicht mehr verpflichtet, die angegebenen Liefertermine einzuhalten. Die Beziehung zwischen Pflicht und Recht muss auf jeden Fall angemessen sein.

Eintretende Zahlungsschwierigkeiten oder das Bekanntwerden einer wesentlichen Verschlechterung der Vermögensverhältnisse des Bestellers, berechtigen die Firma RIVA Industria Mobili ohne weitere Verpflichtungen die Lieferungen einzustellen.

7. EIGENTUMSVORBEHALT

Die gelieferte Gegenstände bleiben Eigentum des Lieferers bis zur Zahlung seiner sämtlichen Forderungen, gleich aus welchem Rechtsgrunde, bis zur Einlösung sämtlicher, dem Lieferer in Zahlung gegebener Wechsel oder Schecks, auch wenn der Preis für besonders bezeichnete Forderungen überzahlt ist.

Die Forderung des Bestellers aus einer Weiterveräußerung der Vorbehaltsware werde bereits jetzt zur Sicherung sämtlicher Forderungen des Lieferers aus dem Geschäftsverhältnis an den Lieferer abgetreten. Bei vertragswidrigem Verhalten des Bestellers, insbesondere bei Zahlungsverzug ist der Lieferer zur Rücknahme nach Mahnung berechtigt und der Besteller zur Herausgabe verpflichtet.

8. FIRMIERUNGSÄNDERUNGEN

Änderungen der Firmierung oder der MwSt. Nummer müssen umgehend der Firma RIVA Industria Mobili schriftlich mitgeteilt werden.

9. GERICHTSSTAND

Für jede Streitfrage ist das Gericht in Como zuständig.

Dieser Vertrag bleibt auch bei rechtlicher Unwirksamkeit einzelner Bestimmungen verbindlich.
