

Rose Chair

Masanori Umeda

General description:

Rose-shaped, it can be seen as a haute-couture piece.

The petals, forming the padding and which are making the seat welcoming, are all hand made one by one. The frame is in molded metal with small shaped wood pieces. The padding is in polyurethane and Synthetic wadding. The legs are in turned and brushed aluminum with a kiln-dried transparent coating.

Rose chair offers a very relaxing seating position.

The velvet cover is available in the colours of the collection.

Technical description:

Structure in molded steel, multi layer wood panel and medium density.

Padding in polyurethane foam.

Feet in brushed turned and transparent lacquered aluminum.

Not removable cover.

On request, product can be realised also according to other regulations.
