
Crinoline

ARMCHAIRS

Patricia Urquiola

Description

Small armchairs, armchairs, chairs and a stool are designed in several different shapes and heights. The polyethylene fibre interlacing are joined by natural or bronze abaca. The weave is made out of abaca fibre: being a natural material, the product is suitable for indoors, covered outdoor spaces or verandas. The table reflects the style of the Crinoline series, with a curved shape like the seats and the interlacing in polyethylene fibre. The base is made of two connected elements that create a chalice shape that supports the tops, which are made of white glass or white full color HPL laminate with milled grooves in a radial pattern. This last version is designed to hold a beach umbrella in the centre.

Technical information

Base-frame:

black, white or tortora polyester powder painted aluminium

Seat and back frame:

tortora, black or white polyester powder painted aluminium

Seat cushion:

shaped polyurethane, cover in water repellent polyester fibre

Interlacing:

white-black, bronze-black or tortora polyethylene

Ferrules:

thermoplastic material

Cover cloth:

polyester on synthetic support

Cover:

fabric in limited categories

Technical drawings

B&B Italia reserves the right to make technological and aesthetic improvements to its models, including changes to the sizes and materials, without notice. The technical drawings do not define the details of the product. The measurements shown are indicative and may undergo changes. In particular, the dimensions relevant to the padded parts are subject to usage tolerances over time caused by the normal adjustment of the padding.
