
Crinoline

TABLES

Patricia Urquiola

Description

The table reflects the style of the Crinoline series, with a curved shape like the seats and the interlacing in polyethylene fibre. The base is made of two connected elements that create a chalice shape that supports the tops, which are made of white glass or white full color HPL laminate with milled grooves in a radial pattern. This last version is designed to hold a beach umbrella in the centre.

polyester on synthetic support

Technical drawings

B&B Italia reserves the right to make technological and aesthetic improvements to its models, including changes to the sizes and materials, without notice. The technical drawings do not define the details of the product. The measurements shown are indicative and may undergo changes. In particular, the dimensions relevant to the padded parts are subject to usage tolerances over time caused by the normal adjustment of the padding. For the specific information, please contact the dealer closest to you.
